RE: Erie County Sewer District No. 8 – Contract No. 15

Miller Enterprises, Inc.
ECSD No. 8 Board of Managers Recommendation for Approval

Bids were opened for Erie County Sewer District No. 8, Contract No. 15, East Aurora Wastewater Treatment Plant Control Building Project, on April 12, 2016. Miller Enterprises Inc. was the lowest responsible bidder with a base bid of $507,000 and a bid of $711,00 on the base bid plus the alternative bid. There were two (2) bidders on this contract with the second bidding $848,000. The Engineer's estimate for this project was $825,164. Bid Tab is attached. Miller Enterprises, Inc. is experienced in the concrete and masonry work required for this project. The Division has reviewed the bids and recommends Miller Enterprises be awarded Contract 15 for the base bid plus the alternative at $711,000. Their bid package was complete and properly filled out. Miller Enterprises, Inc. has submitted a responsive bid.

Miller Enterprises, Inc. has work on similar construction projects with the DSM in the past, most recently on Central Maintenance Garage Contract 32 at the Southtowns Waste Water Treatment Plant. They are a responsible company and will be able to provide the necessary manpower and equipment for this contract. The Erie County Department of Environment and Planning recommends the award of Contract 15 to the aforementioned lowest responsible bidder

The Legislative meeting on this contract is scheduled for Thursday, April 28, 2016, and Erie County Sewer District No. 8 Board of Managers approval is needed before then. As the Board does not meet again until June 22, 2016, please poll the members for the Board's approval of the Award of Contract.

For your use at the next Board meeting, I have enclosed a resolution for formal approval of the award of Contract 15.
