Subject: ECMC Issues

Mr. Kroll:

Please make the materials I delivered to you today available to all legislators. I have concerns as to the status of ECMC and its relationship to Erie County, Kaleida and Great Lakes Healthcare. Please note that the judgements and orders contained in the file titled "GL Judgement and Order" refer to transcripts of settlement hearings and meetings, but those transcripts are not included in the County Clerk's files on this matter. Their content might shed some light on this situation.

Peter A Reese
