Dear Alden Town Board:

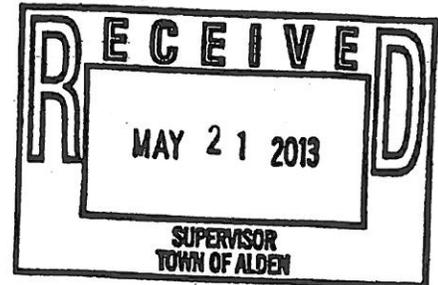

Alden Central Schools would like to request the use of the new regulation size soccer field at Alden Town Park to hold a night game under the lights for our Varsity Girls and Varsity Boys Soccer teams. As you may recall, we worked together in the past to schedule a night soccer game under the lights at Robert O. Smith Park for the boys. Your new facilities would make the possibility of creating this experience again for both of our Varsity soccer teams a closer reality. Please consider our request for the upcoming season as well as in the future seasons. Your continued support of both our town and school programs is greatly appreciated.

Thank you for your time and consideration in this matter. If you have any questions, concerns or suggestions, please do not hesitate to call me.

Sincerely

Adam Stoltman
Athletic Director

Alden Town Parks
Attn: Andy
12800 W. Main St.
Alden, NY

Dear Andy,

Below is the information that you requested regarding the playground material:

30 cu yds @ \$17.00/cuyd = \$510.00	30 cu yds @ \$19.00/cuyd = \$570.00
Delivery \$127.50	Picked up at the yard
Total \$637.50	

Thank you for the opportunity to quote you on this material. Please feel free to call if you have any further questions.

Sincerely,
ATTICA PACKAGE COMPANY INC.

Douglas W. Domes,
President

All;

I talked to Mike Asklar, the County Traffic Engineer about the concerns regarding excessive truck traffic on West Main Street. We discussed several options on how to redirect trucks off this road including such things as load rating and the 53' access restriction and came to the conclusion that the best option would be to "Truck Prohibit" the road. This would prevent it's use by large trucks other than those there for local delivery. Considering that West Main is located both in the town and village, before the county takes any action he would like to make sure this action would be supported by both the town and village. I would be happy to reach out to the mayor to discuss this unless you would prefer to handle this Bud? Please let me know. Mike feels given the make up of West Main and the intersections with Broadway and Sandridge not being of proper geometry for large trucks, this is a very supportable position.

Mike
