## TRAINING TOMORROW'S LEADERS – Youth Leadership Program

This Youth Leadership Program (YLP) is sponsored and presented by the Clarence Toastmasters. The eight session public speaking course helps students develop “communication and leadership skills so that they may become tomorrow’s leaders in business, industry and the community.” Meetings will be held once a week and resemble a typical Toastmasters meeting with a format that includes impromptu speeches, prepared speeches and evaluations. It is a fun experience that offers participants an opportunity to practice speaking in a non-threatening and supportive environment. By participating in the Youth Leadership program you’ll learn to:

- Overcome the nervousness everyone feels when asked to speak before an audience
- Organize and present your ideas logically and convincingly
- Listen carefully to others’ ideas
- Offer advice that will help others improve their speaking and leadership skills
- Participate in – and even lead – group discussions or meetings

By the end of the eighth session, participants will have developed self-confidence and interpersonal communication skills that they will use for the rest of their lives. The final session on March 4th will be a showcase event for participants to demonstrate their newly acquired skills for family members, friends, teachers and community members.
