RE: Meeting/Meal Reimbursement Policy

In accordance with the Office of the New York State Comptroller, a municipality's use of funds for the purchase of food and refreshments for municipal employees and guests is restricted to the following situations:

- For employees traveling out of the area on County business;
- For employees attending functions serving the interest of the County (such as conferences or seminars) that include a meal as part of the entrance fee;
- For employees not permitted to take time off for food consumption due to a pressing need to complete County business at hand; and
- For a business lunch or dinner meeting with guests which will promote a valid governmental purpose and is not of a frivolous nature.

- attendees
** Coffee/refreshments and such served at non-meal times are not a valid municipal expense, and the spending of county funds for the purchase of said items is considered inappropriate. **

After receiving a communication from and meeting with the County Comptroller's office, we have decided to implement a new policy for submitting meal/meeting expenses for reimbursement.

For expenses totaling \$250.00 or less, it will be the department heads' responsibility to verify that one of the aforementioned criteria is met, and if so, approve the expenditure. A Meal/Meeting Expense Reimbursement Form (attached), must be completed, signed by the department head, and submitted directly to the Comptroller's

office with the required supporting documentation. The white copy of the Meal/Meeting Expense Reimbursement Form is to be submitted to Korrin Erickson in the County Executive's office. Approval by the County Executive's office is not required.

For expenses greater than \$250.00, the completed reimbursement form, signed by the department head and accompanied by the required supporting documentation must be submitted to Tom DeMartino in the County Executive's office for final approval. Once the expenditure is approved, all information will be returned to the department for submission to the Comptroller's office. If the expenditure is not approved, the information will be returned to the department with an explanation as to this determination.

Please note that prior to submitting reimbursements to the County Executive's office, the department head must verify that the expenses meet the necessary criteria as outlined by the Office of the New York State Comptroller.

Please discard all old Meal/Meeting Expense Reimbursement Forms and replace with the new forms provided. Additional forms can be obtained from the Printing office. Any questions regarding this policy should be directed to Korrin Erickson at ext. 2851.

Thank you for your cooperation in this matter.
