RE: Erie County District #5 Board of Managers - Resignation

Dear Mr. Poloncarz:

This letter serves to inform you that, effective immediately, I am officially resigning my appointment to the Erie County Sewer District No. 5 Board of Managers.

I was appointed to this board while acting in my capacity as Town Engineer for the Town of Amherst. In early May, the Town Board appointed a new Town Engineer. Under these circumstances, it is appropriate for me to resign from the board and allow a new appointment to proceed.

It has been a privilege to serve on the Board of Managers and I thank you for the opportunity to do so.

Very truly yours,

Brian P. Andrzejewski, P.E.
Commissioner of Building
