RE: Erie County Sewer District #3 (ECSD #6)  
Industrial Waste Survey-3<sup>rd</sup> Notice

Dear Owner/Manager:

The Division of Sewerage Management (DSM) has been issued a renewed/modified SPDES permit for the Lackawanna Sewage Treatment Plant by the New York State Department of Conservation. In accordance with the renewed permit conditions, and federal and state pretreatment regulations, we are required to survey the commercial businesses that are tributary to the treatment facility.

As of the date of this letter, we have not received a completed Industrial Waste Survey (IWS) from your facility. Please find another copy of the Survey for your completion. The completed form is due to this office by January 31, 2014. As this information is required by state and federal agencies, appropriate action will be taken if a Survey is not received.

If you should have any questions or concerns regarding this matter, or need assistance completing the application, please contact me at 823-5888.

Sincerely,

Laura A. Surdej  
Industrial Wastewater Specialist
