300 Gleed Avenue
East Aurora, New York 14052

**Re: Erie County Sewer District No. 8
Reed Hill Heights Subdivision, Town of Aurora**

Dear Ms. Jeffe:

The purpose of this letter is to confirm that the County of Erie Sewer District #8 will issue up to 10 building sewer permits for the Reed Hill Heights Subdivision in the Town of Aurora. The remaining 23 building sewer permits will be issued after such time when the submission and the completion of the following items listed below are satisfactorily addressed by the Developer/Contractor.

The items are as follows:

1. A no objection letter for the permanent generator to be installed on site from the Town is required.
2. Submit a site plan of the generator set, fuel tank and modifications of the landscape in the cul-de-sac.
3. Submit shop drawings for a diesel generator set including the proper size of an above ground fuel tank for review by this office.
4. Once shop drawings are reviewed and the Town's no objection letter is received the contractor will have to arrange with the District's office for inspection.

If you have any question please call me at 858-6990.

Matt A. Salah, P.E.
Sr. Coordinator of Sewer Construction Projects
