Agency Decisions on Past Complaints:

The County Attorney requested that Phillips Lytle, LLP conduct a review of Erie County's Affirmative Action Plan and it was completed in March 2013. The results were that "the County has an extensive internal EEO complaint process, which is in compliance with the guidelines and spirit of current regulations. The Affirmative Action Plan promulgated by the County not only illustrates compliance with federal and state law, but it also reflects the process of how the County will deal with its legal obligation to promptly and thoroughly investigate issues of harassment and discrimination." It was recommended that the County prepare and issue agency decisions regarding any outstanding EEO complaints albeit even after an extended period of time. They said, "Issuing determinations and properly closing out the files ensures that the County is investigating and taking actions with every complaint, a situation that would be helpful in case of an audit by the Office of Federal Contract Compliance Programs."

There were 9 past complaints from previous administrations, of that number 5 have been officially closed with agency decisions to dismiss and 4 are pending review for agency decisions.
