This publication is available on line at: [www.cs.ny.gov/testing/localtestguides.cfm](http://www.cs.ny.gov/testing/localtestguides.cfm)

**SUBJECTS OF EXAMINATION:** A written test designed to evaluate knowledge, skills and /or abilities in the following areas:

1. **CASE SUPERVISION:** These questions present descriptions of problems and situations in employee-supervisor or employee-client relationships typically encountered in the supervision of employees who deal with client caseloads. The situations and/or problems presented may cover administrative issues such as planning and assigning cases, developing employees' competence in casework through discussion of problem cases, and helping employees deal with job-related stress.
2. **LAWS, RULES, REGULATIONS & CONCEPTS RELATED TO CHILD ABUSE & NEGLECT:** These questions test both for a knowledge of New York State law, policies, and administrative directives related to child abuse and neglect and for a knowledge of the standard concepts, behaviors, and indicators, including risk assessment, which enable a worker to determine that abuse or neglect has occurred.
3. **PRINCIPLES & PRACTICES OF SOCIAL CASEWORK AS APPLIED TO FAMILY & CHILDREN'S SERVICES:** These questions are designed to cover topics in such areas as client, family, and worker rights; confidentiality; referral techniques; purposes and techniques in maintaining client records; discipline standards and point of view; professional ethics and protocol; and time management.
4. **PREPARING WRITTEN MATERIAL:** These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
5. **SUPERVISION:** These questions test for knowledge of the principles and practices employed in planning, organizing, and controlling the activities of a work unit toward predetermined objectives. The concepts covered, usually in a situational question format, include such topics as assigning and reviewing work; evaluating performance; maintaining work standards; motivating and developing subordinates; implementing procedural change; increasing efficiency; and dealing with problems of absenteeism, morale, and discipline.

6. **UNDERSTANDING & RECOGNIZING THE DYNAMICS & EFFECTS OF CHILD ABUSE & NEGLECT:** These questions test for a knowledge of standard concepts, behaviors, and indicators that enable the worker to determine or establish that abuse or neglect has occurred. The questions deal with basic laws and techniques for dealing with the abused or neglected child and his or her family and follow-up, referral, or other action to take once abuse or neglect has been identified.
