The New York State Department of Civil Service has not prepared a test guide for this examination. However, candidates may find information in the publication "How to take a written test" helpful in preparing for this test. This publication is available on line at: www.cs.ny.gov/testing/localtestguides.cfm

SUBJECTS OF EXAMINATION: A written test designed to evaluate knowledge, skills and /or abilities in the following areas:

1. **ADMINISTRATIVE SUPERVISION:** These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and his/her subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
2. **CASE SUPERVISION:** These questions present descriptions of problems and situations in employee-supervisor or employee-client relationships typically encountered in the supervision of employees who deal with client caseloads. The situations and/or problems

presented may cover administrative issues such as planning and assigning cases, developing employees' competence in casework through discussion of problem cases, and helping employees deal with job-related stress.

- 3. **PRINCIPLES AND PRACTICES OF SOCIAL CASEWORK AS APPLIED TO FAMILY AND CHILDREN'S SERVICES:** These questions are designed to cover topics in such areas as client, family, and worker rights; confidentiality; referral techniques; purposes and techniques in maintaining client records; discipline standards and point of view; professional ethics and protocol; and time management.
- 4. **PREPARING WRITTEN MATERIAL:** These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
- 5. **UNDERSTANDING AND RECOGNIZING THE DYNAMICS AND EFFECTS OF CHILD ABUSE AND NEGLECT:** These questions test for a knowledge of standard concepts, behaviors, and indicators that enable the worker to determine or establish that abuse or neglect has occurred. The questions deal with basic laws and techniques for dealing with the abused or neglected child and his or her family and follow-up, referral, or other action to take once abuse or neglect has been identified.
