Health Advisory #81 - Monitoring Of Rashes With Unknown Etiology - May 14, 2004

The Erie County Department of Health Bureau of Disease Control is currently monitoring rashes with unknown etiologies. In view of recent events occurring in the area, the Erie County Health Department is advising emergency departments and hospitals to be watching for patients presenting with rashes with unknown etiology and to report any increase in numbers.

Please report any increase in numbers of rashes with unknown etiology to the Erie County Department of Health at (716) 858-7697 Monday-Friday, 8:30AM to 4:30PM or (716) 898-4225 Weekends, Evenings, and Holidays.
