### **Health Advisory #86 - FBI BOLOs (Be on the Lookouts) - May 27, 2004**

The New York State Office of Public Security has issued a Health Sector Advisory in response to the joint press conference held yesterday by Attorney General Ashcroft and FBI Director Mueller. The United States will be on heightened alert for the next several months due to continued threat reporting. The FBI has issued BOLOs (Be on the Lookouts) for seven individuals who represent a "clear and present danger" to the United States.

Any information on the whereabouts and / or activities of these individuals should be directed to the FBI Buffalo Field Office at (716) 856-7800.
