

EMS TRAINING

MOLST

MEDICAL ORDERS FOR LIFE-SUSTAINING TREATMENT

When: Wednesday, June 8th @ 7 PM

Where: Lake Shore Fire Company

- 4591 Lake Shore Road
- Hamburg, New York 14075

About:

MOLST is an alternative form for patients to document their end-of-life care preferences and to assure that those preferences are made known to health care providers across the health care delivery system. Unlike the Nonhospital Order Not to Resuscitate, the **MOLST** form documents DNI orders and orders regarding other life-sustaining treatment, in addition to DNR orders. **MOLST** should be honored by EMS agencies, hospitals, nursing homes, adult homes, hospices and other health care facilities and their health care provider staff.
