Western New York Adult Immunization Coalition
c/o Beverly Lawler, RN, BSN
Niagara County Health Department/Nursing Division
1001 11th Street
Niagara Falls, NY 14301

(date)

Dear (),

The Western New York Adult Immunization Coalition was established in 1999, and is comprised of representatives from the State and local county health departments, vaccine manufacturers, health maintenance organizations, insurance companies, home health care agencies, the Medical Society, and pharmacy groups.

Our focus is to increase awareness regarding the importance of adult immunizations. We work together to ensure that providers have access to current recommendations and standards of immunization practices. We have a website (www.immunizewny.org) available as a resource. The Coalition is here to help fellow health care providers promote good health.

We would like to extend an invitation for a representative from your office to join us at our monthly meetings, which are held at Independent Health (511 Farber Lakes Drive, Williamsville, NY 14221) the first Wednesday of every month, from 8:30am to 10:30am. We have enclosed our brochures and meeting schedule for your review. We look forward to seeing you, and feel free to bring a colleague. Please call us if you have any questions.

Respectfully,

Beverly Lawler, Chair
