September 13, 2011

Dear Erie County Legislature:

I want to thank the Erie County Legislature Community Enrichment Committee for taking the time to meet with the 13 Cultural Groups yesterday afternoon. Personally this was my first time meeting everyone in the room and I enjoyed the experience. I'm sending this letter to you as requested to prioritize the items requested in our grant.

Our entire equipment and upgrade project is a total of $48,000. We had requested $25,000 in a letter dated May 23, 2011, and are very appreciative to learn that Erie County will (hopefully) award $20,000 towards our project. The project covers the installation of LED lighting to replace our original lighting that has become expensive to repair and a possible fire hazard. Also needed is a new lighting and dimmer board.

The project also includes a needed upgrade of our speakers and sound equipment (microphones, power packs, cables and headsets for productions) as well as replacement seating for our main floor.

The items should be prioritized as follows:

1) LED lighting and components replacement
2) Sound and components replacement
3) Seating replacement
4) Sound Lectern

As stated yesterday, we have a contingent matching grant offer from the Western New York Foundation that we are currently working on completing, as well as various fundraising activities by our staff and board to help complete the rest of the funds needed for the total project.

It is my hope that the Community Enrichment Committee will find merit in the efforts and rich history of the Lancaster Opera House to help with our continued effort to serve the Erie County Community through the Performing Arts.

Sincerely,

David Fillenwarth
Executive Director
