Dear Betty Jean Grant:

This letter is in the regards of my termination at the Erie County Sheriff Department. Which started on October 21, 2011 till the present. I was terminated due to developing an illness all of a sudden of Epilepsy, I have complex partial seizures. My doctors gave several notes stating that i was able to work with light duty, also the county doctor stated the same. There was no Due Process also no one even spoke to me. I had no clue to what was happening to my job until I got a letter from the county. This letter is giving you permission to look further in my case also to speak to my attorney Lindy Korn (716) 856-5676. Thanks for reading my letter.

Sincerely,

Geraldine Coles
