SUMMARY

Department of Public Works (DPW) is requesting authorization for the County of Erie to acquire Right-of-Way (ROW) along Hopkins Road (CR 87) and Ransom Creek for reconstruction of a total of approximately 2600 linear feet of Hopkins Road between Smith Road (CR 297) and Tonawanda Creek Road (CR 2) (the Project) in the Town of Amherst in Erie County. Easements and/or fee acquisitions will be required. Included in the acquisition process is contracting with D&S Realty Consultants for ROW consulting services.

FISCAL IMPLICATIONS

ROW acquisition costs of this project, including D&S Realty Consultants, are currently estimated not to exceed \$100,000.00; from SAP B.21032, 2010 Hopkins Road Right of Way. ROW acquisitions will be negotiated within the budgeted allowance.

REASONS FOR RECOMMENDATION

The acquisition of ROW for the Project is necessary for appropriate reconstruction of the subject sections of Hopkins Road.

BACKGROUND INFORMATION

The project consists of the complete or partial reconstruction of varying lengths of Hopkins Road including installation of a closed drainage system. Drainage system upgrades and reconstruction/protection of failed embankments.

CONSEQUENCES OF NEGATIVE ACTION

The project will not be constructed. The long standing damage will not be repaired and the road will progressively deteriorate prejudicing future reconstruction and continuing to impair the mobility and safety of the travelling public and the adjacent residents.

STEPS FOLLOWING APPROVAL

The County Executive will execute the necessary Contracts of Sale, and ROW will be acquired to facilitate reconstruction of the roadway.

COMPTROLLER'S OFFICE REVIEW

The proposed legislation has been reviewed by the Comptroller's Office and is related to an authorized capital project for which there are sufficient appropriations for the action proposed.
