COUNTY OF ERIE

MARK C. POLONCARZ
COUNTY EXECUTIVE

March 19, 2013

Erie County Legislature
92 Franklin Street – 4th Floor
Buffalo, New York 14202

**RE: 2012 Erie County Dam Safety, Inspection and Design Engineering Services
Award of Consultant Agreement**

Dear Honorable Members:

The Department of Public Works, Division of Highways requests to enter into an agreement with Bergmann Associates for Dam Safety, Inspection and Design Engineering Services of various Erie County dams. The firm was selected as having the necessary expertise, experience and manpower to provide the County of Erie with the services required.

Should your Honorable Body require further information, I encourage you to contact Commissioner John C. Loffredo of the Department of Public Works. Thank you for your consideration on this matter.

Sincerely,

Mark C. Poloncarz, Esq.
Erie County Executive

MEMORANDUM

COMPTROLLER'S
RECEIVED

13 MAR -5 AM 11:22

To: Honorable Members of the Erie County Legislature
From: Department of Public Works
Re: 2012 Erie County Dam Safety, Inspection and Design Engineering Service
Award of Consultant Agreement
Date: March 5, 2013

SUMMARY

The Department of Public Works, in response to the New York State Department of Energy Conservation Dam Hazard Determinations, recommends Bergmann Associates, an approved provider of engineering services via Comm. 14E-19 of July 17, 2008, as best suited to complete this project.

FISCAL IMPLICATIONS

The amount of fee is not to exceed \$240,000.00 (Business Area 123, Fund 420, SAP Project B.12009) and will be negotiated by the Department of Public Works with Bergmann Associates, the selected consultant, and an appropriate contract being issued to the firm.

REASONS FOR RECOMMENDATION

The utilization of Dam Safety, Inspection and Design Engineering Services agreement will permit the Department of Public Works to proceed with the dam inspections and minor repair projects, if necessary, in a very timely, cost-effective manner.

BACKGROUND INFORMATION

Separate agreements for each and every small project become difficult to manage and track through the system. By combining the Dam Inspections and unforeseen small projects that may be necessary from information gained during the inspections into one General Engineering Service agreement, efficiency will be increased with resultant savings in time and funds.

CONSEQUENCES OF NEGATIVE ACTION

If the Dam Safety, Inspection and Design Engineering Services agreement is not processed, the traveling public and public in general, may be in danger from uninspected dams that are subject to possible damage or complete collapse depending upon their unknown condition.

STEPS FOLLOWING APPROVAL

Upon receiving the Erie County Legislature's approval, agreements will be prepared and executed with the firm selected. Once the agreement is executed, Dam Safety, Inspection and possible design work will begin immediately thereafter.

COMPTROLLER'S OFFICE REVIEW

The proposed legislation has been reviewed by the Office of the Comptroller and is related to an authorized capital project for which there will be sufficient appropriations for the action proposed.

**A RESOLUTION SUBMITTED BY:
DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS**

**RE: 2012 Erie County Dam Safety, Inspection and Design Engineering Services
Award of Consultant Agreement**

WHEREAS, the County owns eight (8) regulated dams, and in accordance with regulations of the New York State Department of Environmental Conservation, two (2) are considered to be high hazard dams, and the six (6) remaining ones are low hazard dams; and

WHEREAS, there is a need for Dam Safety, Inspection and Design Engineering Services performed by a firm specializing in the provision of such services; and

WHEREAS, the Department of Public Works selected Bergmann Associates, an approved provider of engineering services via Comm. 14E-19 of July 17, 2008.

NOW, THEREFORE, BE IT

RESOLVED, that the County Executive be authorized to enter into an agreement with Bergmann Associates to provide Dam Safety, Inspection and Design Engineering Services County-wide; and be it further

RESOLVED, that the negotiated contract fee will be appropriated from 2012 Dam Safety and Preservation Design (Business Area 123, Fund 420, SAP Project B.12009, 2012 Dam Safety and Preservation Reconstruction-Design), in an amount which will not exceed \$240,000.00; and be it further

RESOLVED, that three (3) copies of this resolution be sent to the Department of Public Works, Office of the Commissioner and one copy each to the Office of the County Executive, the Division of Budget Management and the Office of the Comptroller.
