Mr. Harold Zaehring, Chairperson  
Kenmore-Tonawanda Libraries Advisory Board  
1113 Parkhurst Blvd.  
Tonawanda, N. Y. 14150

Dear Mr. Zaehring:

I am writing in order to further a systematic approach to the planning and implementing of an action plan for the branch libraries located in legislative districts 10 and 11.

Our recent meeting was productive. It is my hope that the next steps in determining a future branch libraries service delivery system action plan are as focused and lead to enhanced service delivery within a reasonable timeframe.

To facilitate our next steps, please review and share with your fellow board members the enclosed January 18 letter from Supervisor Calabrese to Ms. Diane Chrisman. It will provide all the stakeholders in the libraries' future directions with a good dialogue starting point as we broaden the circle of focused deliberations.

Hopefully, you and board members in conjunction with local library staff, will identify a lead person who will develop an action plan agenda for our next meeting.

2.

I am willing to undertake an active advocacy role in the deliberations as they progress under the leadership of the board and appropriate library staff.

On behalf of Legislature Chairman Chuck Swanick and me, as Chair of Community Enrichment, we look forward to the next step in our ongoing deliberations.

Sincerely,

Lynn M. Marinelli  
Erie County Legislator
