Re: Community Corrections Advisory Board

I would like to submit my name for consideration for appointment to the advisory board.

I retired January 13, 2007 from Wyoming Correctional Facility as a disciplinary hearing Lieutenant after serving almost 40 years in the system. I began as an Erie County Corrections Officer and after four years went to the New York State DOCS, working in fourteen various medium and maximum security facilities. I was also honored to serve as the Western New York regional vice president of the Lieutenants local in AFSCME for 14 years before retirement.

I have served as a community liaison on many occasions, as well as filled in for instructors at corrections seminars and training.

If you would like additional information, please contact me.
