RE: Acceptance of GTSC Ignition Interlock Device Monitoring Program from NYS DCJS

Honorable Members:

Attached, please find a proposed resolution and an accompanying memorandum from Erie County STOP-DWI Office requesting authorization to accept an award not to exceed \$158,574 from the New York State Division of Criminal Justice Services (DCJS), Office of Probation and Correctional Alternatives (OPCA) to reimburse the Erie County STOP-DWI Office and other Erie County Departments for expenses related to the implementation of Leandra's Law.

The Erie County STOP-DWI Office will be monitoring individuals required by the Court to install an ignition interlock device in their vehicle.

Should your honorable body require further information, I encourage you to contact the Erie County STOP-DWI Office. Thank you for your consideration on this matter.

Sincerely,

CHRIS COLLINS
Erie County Executive

MEMORANDUM

To: Honorable Members of the Erie County Legislature
From: Erie County STOP-DWI Office
Re: Acceptance of GTSC Ignition Interlock Device Monitoring Program from NYS DCJS
Date: May 12, 2011

SUMMARY

The attached resolution and accompanying memorandum request authorization to accept an award of no more than \$158,574 from the New York State Division of Criminal Justice Services (DCJS), Office of Probation and Correctional Alternatives (OPCA) to reimburse the Erie County STOP-DWI Office for expenses related to the implementation of Leandra's Law.

FISCAL IMPLICATIONS

Funding, which represents reimbursement for services provided through the STOP-DWI Office and the Probation Department, will be submitted to the State once ignition interlock cases develop. This resolution requests that the Budget Office be authorized to budget expense and revenue for these programs once actual reimbursement from the State is received.

REASONS FOR RECOMMENDATION

The Erie County STOP-DWI Office has received a letter of approval for funding from the New York State Division of Criminal Justice Services for this purpose.

BACKGROUND INFORMATION

Under Leandra's Law, courts must order all drivers convicted of misdemeanor and felony drunk driving charges, even first-time offenders, to install and maintain ignition interlock devices (IID) on any vehicle they own or operate for at least six months at their own expense, in addition to any other terms of sentence.

The Probation Department supervises all persons sentenced to Probation inclusive of those who have an IID condition in their probation orders. Likewise the STOP-DWI program monitors those adults sentenced to a conditional discharge with an IID requirement.

Recognizing the cost involved with implementation of this law, the OPCA applied for and received a one-time grant from the Governors Traffic Safety Council (GTSC) to reimburse monitoring agencies for some of that cost.

Each qualifying case handled by the Probation Department or the Erie County STOP-DWI Office will be reimbursed at \$114.66 up to a total of no more than \$158,574.

CONSEQUENCES OF NEGATIVE ACTION

The County will forfeit the funding.

STEPS FOLLOWING APPROVAL

Certified copies of this resolution will be forwarded to the Division of Budget & Management, the Office of the Comptroller, and the Erie County STOP-DWI Office.
