

Honorable Erie County Legislature  
92 Franklin Street  
Buffalo, NY 14203

May 23, 2011

Honorable Legislators:

I have attached a plan for the legislative redistricting of Erie County.

As you know, sponsorship by a legislator is required for submissions to be listed as local law. I however, would like you to consider my full submission in the committee, with the attached meets and bounds viewed simply as public suggestion rather than local law.

Thank you for your consideration.

Sincerely,

Comments: This is the first of my two districts that are made up of a majority minority population. The minimum by law is 50%, the supreme court recommended is 60%, and I went to 67% to hopefully ensure that the necessary voting age requirements are met.

Comments: This is the second of my proposed two majority minority districts. One of the main issues to be brought up repeatedly is the concern within the Hispanic community in regards to being separated among two or more legislators. To combat the issue, I have combined the entire Buffalo West-Side into one district, allowing the neighborhoods within to bring their concerns to one legislator. Unlike my last map (see Erie.gov), census tracts 55 and 62.01 have been brought into the Western Buffalo District, while census tracts 33.01, 33.02, and 168 have been removed and placed in the Eastern Buffalo District. This trades a large minority population located in the fruit belt/medical campus neighborhood for a predominantly white middle class neighborhood to the west of Delaware Park in the interest of keeping the hispanic community in the Black Rock/Riverside area together. This unfortunately weakens the over-all minority (combined Af. Am + Hispanic) representation of the district in the interest of keeping communities intact. However, there exists a sizeable Asian and refugee population in the district that has similar needs to the hispanic and black demographics, and can strengthen the minority vote from a mere 52% combined african american and hispanic vote to a near 70% greater minority vote.

Comments: This district's re-apportionment is based around the commonality of the University of Buffalo, part of the State University system of New York. This is done due to the university's aggressive UB2020 plan, in which the school plans to grow 40% in size, as well as the large population of students and staff that live in the areas immediately adjacent to the two campuses. The district is also expanded to include the community of Eggertsville in its entirety, as well as the portion of Tonawanda that resides immediately west of the town line at Niagara Falls Boulevard.
