SUMMARY

The Department of Public Works has received Requests for Qualifications from Environmental Compliance and Health and Safety consultants on March 8, 2011 for providing Professional Architectural/Engineering Services on various County projects. The County Executive is requesting Legislative authorization to enter into a Term Agreement with the consulting firm of Arcadis/Malcolm Pirnie for providing Environmental Compliance Services and the consulting firm of Great Lakes Environmental for providing Health and Safety Services to the Erie County Department of Public Works and the Division of Real Estate and Asset Management. These firms were selected as having the necessary expertise, experience and personnel to provide Professional Services on various projects.

Erie County has a need for the services of an Environmental Consulting firm to audit all County facilities for environmental compliance. We are requesting authorization for the County to negotiate and enter into an agreement with the consulting firm of Arcadis/Malcolm Pirnie for providing the environmental services necessary for compliance, corrective and remedial measures. The project will ensure Erie County's compliance with Environmental and Health and Safety regulations and will be comprised of three phases, with this being phase one.

FISCAL IMPLICATIONS

A not to exceed amount of \$150,000.00 will be allocated from SAP accounts A.00309 and A.20917 to permit execution of an agreement for the necessary environmental services for phase one of this project with Arcadis/Malcolm Pirnie.

REASONS FOR RECOMMENDATION

Erie County has a need for the services of an Environmental Consulting firm to audit all County facilities for environmental compliance.

BACKGROUND INFORMATION

Erie County has not completed a full environmental audit of all its' facilities and it is recommended that this audit is performed by a third party to ensure complete environmental compliance.

CONSEQUENCES OF NEGATIVE ACTION

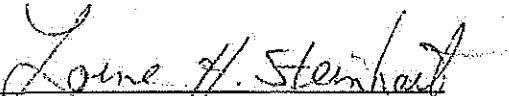

Erie County could be non-compliant with environmental regulations and could be monetarily penalized by State and Federal regulatory agencies.

STEPS FOLLOWING APPROVAL

A contract will be negotiated and executed with Arcadis/Malcolm Pirnie to provide the required environmental services.
