Subject: [Eriecountycleanupnews] Republic Steel (LTV) (Marilla St. LF) Site (City of Buffalo)
Attachments: Republic Steel (LTV) 915047 Reclass PublicNotice.pdf; ATT00001.txt

Attached is a public notice about the reclassification of the **Republic Steel (LTV) (Marilla St. LF) Site #915047 (City of Buffalo)** in New York's Registry of Inactive Hazardous Waste Disposal Sites. The State Superfund Program site identified above was recently reclassified as a Class 4 site that no longer presents a significant threat to public health and/or the environment. This notice is being provided by the Division of Environmental Remediation within the New York State Department of Environmental Conservation (NYSDEC).

The public notice is in PDF format. You can save, open, and read the notice by using Adobe Acrobat Reader. If you do not have Adobe Acrobat Reader, you can go to the following web page on the NYSDEC web site to download the program for free: <http://www.dec.ny.gov/about/590.html> .

Please do not respond to this email. Replies go to an untended mailbox. If you have questions about the site identified above, please use the contact information provided in the attached notice.

To protect your privacy, contaminated sites email notices are sent out as a bc (blind copy). That means no one can see your email address. If you wish to be removed from this contaminated sites email list, go to: <http://www.dec.ny.gov/chemical/61092.html> and click on the correct county link, where there is an option to unsubscribe.

Site Location: Marilla Street and Hopkins Street, City of Buffalo, Erie County

Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The site identified above, and located on a map on the reverse side of this page, was recently reclassified on the Registry as a Class 4 site as it no longer presents a significant threat to public health and/or the environment for the following reason(s):

The site is a 110 acre parcel consisting of 80 acres of landfill, ponds, and ditches, with remaining acreage as open water and wetlands, that was used for the disposal of slag, blast furnace dust, basic oxygen furnace dust, clarifier sludge, precipitator dust, railroad ties, checker bricks, construction debris, waste oils and acids from the Republic Steel operations. Contaminated material from the ponds and ditches was excavated and placed in the landfill, and the landfill was properly capped. Management of contamination remaining at the site, including any required monitoring, is controlled pursuant to a Site Management Plan. A significant threat to public health and the environment no longer exists at the site; therefore, this site qualifies for Class 4 status on the Registry of Inactive Hazardous Waste disposal sites.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed below.

FOR MORE INFORMATION

Additional information about this site can be found using the Department's "Environmental Site Remediation Database Search" engine which is located on the internet at: www.dec.ny.gov/cfm/external/index.cfm?pageid=3

Comments and questions are always welcome and should be directed to:

Jaspal Walia, Project Manager
NYS Department of Environmental Conservation
270 Michigan Ave.
Buffalo, NY 14203
jswalia@gw.dec.state.ny.us
716-851-7220

The Department is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires the Department to notify all parties on the contact list for this site of this recent action.

Approximate Site Location
Republic Steel (LTV) (Marilla St. LF)
Site ID: 915047
Marilla Street and Hopkins Street, Buffalo, NY 14220
Erie County

Receive Site Updates by Email

Have site information such as this public notice sent right to your email inbox. NYSDEC invites you to sign up with one or more contaminated sites county email listservs available at the following web page: www.dec.ny.gov/chemical/61092.html . It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select.

You may continue also to receive paper copies of site information for a time after you sign up with a county listserv, until the transition to electronic distribution is complete.

Note: Please disregard if you received this notice by way of a county email listserv.
