March 22, 2012

Clerk of the Legislature
92 Franklin Street
4th Floor
Buffalo, NY 14202

CE

Dear Mr. Graber,

At the suggestion of Commissioner Maria Whyte, I am enclosing copies of our Cornell Cooperative Extension of Erie County Program Goals for 2012 for you to share with the members of the Erie County Legislature. We would appreciate an opportunity to discuss these further with the committee as you might suggest. We have had some communication with Chairwoman Grant's office regarding the appointment of a Legislator representative as called for by our Constitution but have not heard of an appointment being made. If you have any questions about our goals or CCE in general, please contact me at (716) 652-5400 ext. 166. Thank you for the privilege of serving our community.

Sincerely,

Deborah Roberts

2012 Program Goals

Interdisciplinary Programs

1. Urban Gardening to provide Food Security, Obesity Prevention, and development of other life skills.
2. Outreach to general public through Erie County Fair to educate in all areas.

4-H Youth Development

4-H Community Educator Laurie Korb:

1. Develop strategy for targeting recruitment for traditional 4-H Clubs in Northtowns to be implemented in 2013.
2. Assess and develop ways to increase youth readership of the 4-H News
3. Complete Year 2 requirements for OJJDP National 4-H Mentoring Grant
 - a. 60 youth / 15 mentors / 50 hours
 - b. 1 parent night/ per location (7) / every 2 quarters = (14 total)
 - c. Train all site coordinators in "Advancing Youth Development" / Mentoring
 - d. Strengthen link between CCE Erie/ Science First Hand & Computers for Children agencies
4. Take steps to link Rural / Urban/ Suburban sections of the county together
5. Empower Volunteers to take on a more active role w/ events & activities (with clear boundaries in place)

4-H Livestock Program Educator Tammi Kron:

1. Find some new ways to strengthen the youth development aspects of the 4-H Livestock Program, refocusing from a "win-lose" philosophy.
I have chosen to continue with the "win-lose" philosophy as a program goal for 2012 due to the ever changing techniques presented in the livestock industry. Education to our members of ethics and morals are always something that needs to be continued.
2. Increase support to the Dairy Cattle program participants to provide opportunities where we have struggled in participation. (ie.: Dairy Bowl, judging, challenge)
3. Provide support to the horse program and gain more knowledge in the industry.

Agriculture - Agriculture Community Educator Sharon Bachman:

1. Work with Cornell faculty and staff and other agency partners to conduct relevant agricultural and natural resources programs in the county that allow producers to improve profitability and/or reduce on-farm environmental concerns. (Berry Crop Soil & Nutrient Mgmt Trainings/Soil Health with Cathy Heidenreich NE SARE Project, CORE Pesticide Training, Mock Worker Protection Standards Inspection)
2. Provide training in current environmental protection standards that result in producers meeting or exceeding these standards on their operations. (Soil & Water Classes)
3. Work with the WNY EAB Task Force and others to utilize Extension resources to protect community assets and mitigate impacts from Emerald Ash Borer and develop a model for

Building Strong and Vibrant New York Communities

Cornell Cooperative Extension in Erie County provides equal program and employment opportunities.

dealing with future invasives of concern in Erie County. Coordinate youth training on biosurveillance for EAB through 4-H and possibly other youth organizations. Also coordinate educational outreach activities through CCE's Master Gardener Program.

4. Engage with community partners (such as the county, local municipalities, elected officials, American Farmland Trust and the Southtowns Coalition) to implement community based agricultural economic development projects and workforce development initiatives including providing trainings and resources to Beginning Farmers.

Eat Smart New York Nutrition – Nutrition Community Educator/Team Coordinator Sheila Bass:

1. SNAP Ed Goals

a. FTE Assessment	3.34
b. Cost per graduate	< \$1000
c. Caseload Review	Mean of 125
d. Graduation percentage	65%
e. Families with children caseload	65%
f. Adult enrolled goal	70 % +
g. Youth enrolled goal	<=30%
h. Youth cost	<\$250

2. EFNEP Goals

a. FTE Assessment	1.52
b. Cost per graduate	<\$600
c. Caseload Review	Mean of 125
d. Graduation percentage	65%
e. Adult enrolled goal	70% +
f. Youth goal	<=30%
g. Youth cost	<\$150

3. Set-up nutrition program opportunities at EOC site for community groups that are not associated with an agency.
4. Develop nutrition workshops as part of the EOC TOOLS program, an orientation for enrolling students.
5. Develop internship program for community nutrition working with farmers markets
6. Explore grants and opportunities that work with existing program guidelines

Consumer Horticulture/Master Gardeners – Master Gardener Coordinator Carol Ann Harlos:

1. HOTLINE Improvement so that Master Gardeners (MG) know what is expected of them, what resources are available, how to direct the public to information, as well how to provide information reflecting Cornell based research, current, and correct.
2. Greater involvement by more MG in Speakers' Bureau involving more Master Gardeners, especially new ones to improve and increase the topics made available to the public.

3. Improvement in protocols established at CUCE by MG Steering Committee to increase awareness that Master Gardeners are not a separate entity and leading to an improvement in communication, of policy implementation, efficiency, and better relationships.
4. Recognition of Outstanding MG at a dinner complete with speaker and awards (education, new talent, hour recognition, personal work, community outreach) to improve morale and MG interaction with each other.

2012 Program Goals

Interdisciplinary Programs

1. Urban Gardening to provide Food Security, Obesity Prevention, and development of other life skills.
2. Outreach to general public through Erie County Fair to educate in all areas.

4-H Youth Development

4-H Community Educator Laurie Korb:

1. Develop strategy for targeting recruitment for traditional 4-H Clubs in Northtowns to be implemented in 2013.
2. Assess and develop ways to increase youth readership of the 4-H News
3. Complete Year 2 requirements for OJJDP National 4-H Mentoring Grant
 - a. 60 youth / 15 mentors / 50 hours
 - b. 1 parent night/ per location (7) / every 2 quarters = (14 total)
 - c. Train all site coordinators in "Advancing Youth Development" / Mentoring
 - d. Strengthen link between CCE Erie/ Science First Hand & Computers for Children agencies
4. Take steps to link Rural / Urban/ Suburban sections of the county together
5. Empower Volunteers to take on a more active role w/ events & activities (with clear boundaries in place)

4-H Livestock Program Educator Tammi Kron:

1. Find some new ways to strengthen the youth development aspects of the 4-H Livestock Program, refocusing from a "win-lose" philosophy.
I have chosen to continue with the "win-lose" philosophy as a program goal for 2012 due to the ever changing techniques presented in the livestock industry. Education to our members of ethics and morals are always something that needs to be continued.
2. Increase support to the Dairy Cattle program participants to provide opportunities where we have struggled in participation. (ie.: Dairy Bowl, judging, challenge)
3. Provide support to the horse program and gain more knowledge in the industry.

Agriculture - Agriculture Community Educator Sharon Bachman:

1. Work with Cornell faculty and staff and other agency partners to conduct relevant agricultural and natural resources programs in the county that allow producers to improve profitability and/or reduce on-farm environmental concerns. (Berry Crop Soil & Nutrient Mgmt Trainings/Soil Health with Cathy Heidenreich NE SARE Project, CORE Pesticide Training, Mock Worker Protection Standards Inspection)
2. Provide training in current environmental protection standards that result in producers meeting or exceeding these standards on their operations. (Soil & Water Classes)
3. Work with the WNY EAB Task Force and others to utilize Extension resources to protect community assets and mitigate impacts from Emerald Ash Borer and develop a model for

Building Strong and Vibrant New York Communities

Cornell Cooperative Extension in Erie County provides equal program and employment opportunities.

dealing with future invasives of concern in Erie County. Coordinate youth training on biosurveillance for EAB through 4-H and possibly other youth organizations. Also coordinate educational outreach activities through CCE's Master Gardener Program.

4. Engage with community partners (such as the county, local municipalities, elected officials, American Farmland Trust and the Southtowns Coalition) to implement community based agricultural economic development projects and workforce development initiatives including providing trainings and resources to Beginning Farmers.

Eat Smart New York Nutrition – Nutrition Community Educator/Team Coordinator Sheila Bass:

1. SNAP Ed Goals

a. FTE Assessment	3.34
b. Cost per graduate	< \$1000
c. Caseload Review	Mean of 125
d. Graduation percentage	65%
e. Families with children caseload	65%
f. Adult enrolled goal	70 % +
g. Youth enrolled goal	<=30%
h. Youth cost	<\$250

2. EFNEP Goals

a. FTE Assessment	1.52
b. Cost per graduate	<\$600
c. Caseload Review	Mean of 125
d. Graduation percentage	65%
e. Adult enrolled goal	70% +
f. Youth goal	<=30%
g. Youth cost	<\$150

3. Set-up nutrition program opportunities at EOC site for community groups that are not associated with an agency.
4. Develop nutrition workshops as part of the EOC TOOLS program, an orientation for enrolling students.
5. Develop internship program for community nutrition working with farmers markets
6. Explore grants and opportunities that work with existing program guidelines

Consumer Horticulture/Master Gardeners – Master Gardener Coordinator Carol Ann Harlos:

1. HOTLINE Improvement so that Master Gardeners (MG) know what is expected of them, what resources are available, how to direct the public to information, as well how to provide information reflecting Cornell based research, current, and correct.
2. Greater involvement by more MG in Speakers' Bureau involving more Master Gardeners, especially new ones to improve and increase the topics made available to the public.

3. Improvement in protocols established at CUCE by MG Steering Committee to increase awareness that Master Gardeners are not a separate entity and leading to an improvement in communication, of policy implementation, efficiency, and better relationships.
4. Recognition of Outstanding MG at a dinner complete with speaker and awards (education, new talent, hour recognition, personal work, community outreach) to improve morale and MG interaction with each other.
