SUMMARY

This resolution is seeking your honorable body's authorization for the County Executive to enter into an Agreement Amendment with the engineering firm of Trautman Associates Architects & Engineers for providing Architectural/Engineering services to provide the design and construction documents for the Fire Protection/Sprinkler Standpipe at the Rath County Office Building, 95 Franklin Street.

FISCAL IMPLICATIONS

Funds for the project are currently available from the approved and adopted 2011 Capital budget. The SAP project account is A.11006 – 2011 County Wide Mechanical, Electrical & Plumbing Improvements.

REASON FOR RECOMMENDATION

The New York State Building Code now requires that all high-rise buildings be sprinkler protected throughout the building.

BACKGROUND INFORMATION

The sprinkler standpipe for all floors is the 1st Phase of a multi-phase project to provide sprinklers in the Rath Building.

The Consultant is to prepare plans and specifications in accordance with all codes and regulations.

CONSEQUENCES OF NEGATIVE ACTION

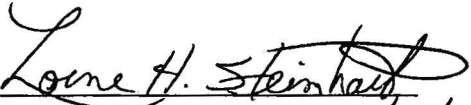

Without the standpipe, sprinklers cannot be installed in the renovated areas.

STEPS FOLLOWING APPROVAL

The County Executive will enter into an Agreement Amendment with the engineering firm of Trautman Associates Architects & Engineers for providing Architectural/Engineering services to provide the design and construction documents so work can commence.
