

ERIE COUNTY LEGISLATURE

HON. EDWARD A. RATH, III
LEGISLATOR

July 9, 2012

The Honorable Terrance McCracken
Erie County Legislator

Dear Terry,

TERY

Enclosed is information regarding one of my constituents Kean Stimm, a wind energy scientist and inventor of the Kean Wind Turbine. This Williamsville company represents the potential of creating hundreds of Western New York jobs through the manufacturing of eco-friendly wind turbines that produce low cost electric power.

I would like to extend an invitation to Mr. Stimm to attend a meeting of the Energy and Environment Committee to present his concept and provide information on his project and its benefits to Erie County. I am hopeful that arrangements could be made for his attendance at a meeting in September, after the August session recess.

Please advise as to your thoughts regarding the Kean Wind Turbine project. I look forward to discussing this concept with you this week.

Sincerely,
