October 23, 2012

**Site No.** 915239

**Tax Map No.** 52.06-3-8

**Site Location:** 5565 River Rd., Tonawanda, Erie County, NY 14150

**Inactive Hazardous Waste Disposal Site Classification Notice**

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The site identified above, and located on a map on the reverse side of this page, was recently added to the Registry as a Class 2 site that presents a significant threat to public health and/or the environment for the following reason(s):

The site is a currently vacant with evidence of past disposal activities and ongoing trespassing. Metals and PCBs have been found in onsite fill materials (i.e., flyash, foundry sand, and industrial sludges) and soil at concentrations exceeding applicable standards, criteria, and guidance values. Additional sampling is needed to define the nature and extent of contamination and to evaluate the potential for exposures on and off the site.

The Department will keep you informed throughout the investigation and cleanup of the site.

**If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed below.**

**FOR MORE SITE INFORMATION**

Additional information about this site can be found using the Department's "Environmental Site Remediation Database Search" engine which is located on the internet at:
