SUMMARY

We recommend that your Honorable Body authorize the Department of Public Works, Division of Highways to participate in the above noted Federal Aid projects, and the County Executive to enter into agreements with the New York State Department of Transportation. Additionally, we request authorization for the County Executive to enter into agreements with CHA Consulting, Inc., and Liro Engineers for engineering design services.

FISCAL IMPLICATIONS

The total cost of the projects' design phase is currently estimated at \$54,000. These projects, through the Locally Administered Federal Aid Projects Program, are eligible for 80% Federal reimbursement in the amount of \$43,200., and require 20% local share contribution of \$10,800. Local share required for this project is available in B.00192.122 - 2008 Bridge Maintenance - Federal Aid. The negotiated engineering design services agreement with CHA Consulting, Inc. and Liro Engineers will not exceed \$54,000., the total project allowance.

REASONS FOR RECOMMENDATION

To allow the Highway Division to utilize available capital funds to leverage Federal funds to perform much needed maintenance work on Erie County bridges.

BACKGROUND INFORMATION

NYSDOT has implemented a bridge maintenance initiative to address deteriorating conditions County-wide. Bridge deck sealing must be undertaken to prolong the life of the structures. Under this program, expenses will be reimbursed to the County up to 80%.

CONSEQUENCES OF NEGATIVE ACTION

The County will not be able to utilize the additional Federal Aid and our bridges will be subject to continued deterioration.

STEPS FOLLOWING APPROVAL

Highway Division will proceed with execution of agreements in accordance with the Federal and NYSDOT guidelines.

Upon the Erie County Legislature's approval, agreement will be negotiated and executed with CHA Consulting, Inc. and Liro Engineers. Once the agreements are executed, design work will begin immediately thereafter.

COMPTROLLER'S OFFICE REVIEW

The proposed legislation has been reviewed by the Office of the Comptroller and is related to an authorized capital project for which there are sufficient appropriations for the action proposed.
