President Jack Quinn  
Erie Community College  
121 Ellicott Street  
Buffalo, NY 14203

Dear President Quinn:

Regional economic development priorities will require establishment on job training outcomes and placement tracking data.

Erie Community College's role in job development and placement necessitates routine reporting of the effectiveness of its workforce development efforts at each campus.

Please provide the methods to be used by college staff to track and report periodically on the results of specific job related training programs.

An overview of how the college staff will measure the ongoing effectiveness of its various job development related training and academic programs is most appreciated.

I look forward to our continued work together!

Sincerely,

Legislator Lynn Marinelli  
Chair, Community Enrichment Committee
