# ERIE COUNTY LEGISLATURE

**HON. JOHN J. MILLS**  
CHAIRMAN OF THE LEGISLATURE  
11<sup>TH</sup> DISTRICT LEGISLATOR

March 18, 2014

Honorable Ted Morton  
Chairman, Energy and Environment  
Erie County Legislature  
92 Franklin St., 4<sup>th</sup> Floor  
Buffalo, N.Y. 14202

Dear Chair Morton:

Attached is a copy of a letter from Earl L. Jann Jr. seeking re-appointment to the Erie County Water Authority. Mr. Jann seeks to retain his seat on the Erie County Water Authority.

All candidates for the Water Authority must be interviewed by the Energy and Environment Committee before they are approved by the Legislature at the next session. I would appreciate it if you would direct the Energy and Environment Committee to conduct interviews, on March 20, 2014, for the Water Authority Commissioner appointment at the next Energy and Environment Committee Meeting pursuant to NY Public Authorities Laws 1053.

I have asked that the Clerk of the Legislature forward any additional letters of interest to the Energy and Environment Committee. Thank you, in advance, for your consideration on this matter.

Very truly yours,

Chairman John J. Mills

February 26, 2014

Honorable John Mills  
Chairman, Erie County Legislature  
25 Delaware Ave.  
Buffalo, N.Y. 14202

Dear Chairman Mills,

I wish to thank you and the other legislators for the opportunity to be of service to the residents of Erie County as a Commissioner of the Erie County Water Authority.

My term as Commissioner is set to expire April 24, 2014. I am asking for your consideration to be re-appointed as a Commissioner of the Erie County Water Authority for a new three year term.

I believe that I have been an effective and responsive Commissioner of the Authority and would like the opportunity to continue the progress we have made as well to continue the initiatives that have been started. We have made significant progress in bringing a number of communities into our system, which has the effect of saving money for those rate payers while providing a more efficient system for the Authority. We have begun a number of other projects that will continue to improve the system of delivering high quality water to our rate payers and your constituents at a reasonable cost. I would like to have the chance to finish those projects.

Thank you again for your consideration and I look forward to working with you and the Erie County Legislature in the future.

Sincerely,

Earl L. Jann Jr.
