RE: Report - 2014 Highway Projects - Completion List

Dear Chairman Mills:

As per the Legislatures request, I hereby submit the attached list of Highway projects which were completed in 2014 and the remaining projects which are scheduled to be bid.

It is my opinion the 2014 highway construction season was very successful because of the joint efforts of the Legislature and Administration. In addition, the 2015 highway construction season will be just as successful due to this combined support.

Please contact me if any further information is required.

Very truly yours,
