Form A-3 Transit Operations

Actions Taken or Planned to Reduce Cost and Increase Revenues for Report Year 2015/16

Action	Year	Comments
Route Restructuring / TMD Study	SFY2015/16	Based on evolving Service Standards, service is adjusted on an ongoing basis to accommodate increasing ridership and improve cost-efficiency. Current TMD study is specifically focused on service in Niagara County.
Renegotiating existing university contracts while continuing to increase number of institutions participating in NFTA university pass program	SFY2015/16	Negotiating different pricing models relative to service demand ensuring cost efficiency while attracting non-members into program
Actively participate in significant local and regional planning activities with transit-related impacts.	SFY2015/16	Current activities include UB's 2020 Master Plan Implementation, working with the City of Buffalo in restoring Cars on Main Street, conducting an analysis of the Amherst-Buffalo Corridor and further developing the Niagara Street Corridor Project including traffic signal prioritization, constructing a transit center, park-and Integration of the new University at Buffalo School of Medicine and Biomedical Sciences (SMBS) building into a new Allen-Medical Campus station with concession revenues has been initiated and under construction.
Redesign and Marketing Metro Enhanced Express and Park & Ride	SFY2015/16	Re-defining and re-allocating certain express routes and starting points of Park & Ride lots and trips implemented. Marketing efforts continue to promote Express Service through the development of outreach programs specifically targeting central business district employers.
Community Circulator Service Development	SFY2015/16	Currently evaluating potential areas of development of pilot circulator route(s). Factors include potential ridership, transit dependent service areas and operational efficiencies.
Implement alternative (non-Metro) service options for suburban job locations.	SFY2015/16	Work with GBNRTC to develop initiatives and partnerships with employers, businesses, job developers and social service agencies to strategically fund and implement alternative service options for suburban job locations that are difficult and cost inefficient to serve with Metro service including agencies such as Center for Transportation Excellence and Child & Family Services.
Maximize efficiency of Paratransit Service and pursue public/opportunities	SFY2015/16	Continue evaluating impact of increasing service area and hours. Continue discussions with local social service agencies and private providers to pursue coordination and mobility management opportunities to reduce costs and provide better service.

State of Good Repair Study - Rail Stations	SFY2015/16	State of Good Repair Assessment at all 8 underground stations completed in August 2015. This will serve as a basis in developing a robust 5 year capital plan with asset condition scoring.
Fare Collection System Replacement	SFY2015/16	Construction awared in 2015 and progressing. Estimated devlivery scheduled for Spring 2016. Project encompasses purchase of new fare collection equipment and infrastructure for Metro Bus and Rail including Ticket Vending Machines, Point of Sale Devices, Fareboxes and Faregates.
Continue purchasing new buses to replace life expired buses	SFY2015/16	Replace life expired buses and reduce maintenance costs. Twenty new CNG buses will be delivered and purchased in December 2015. Ten CNG vans will also be purchased and delivered by December 2015
CNG Implementation	SFY2015/16	Frontier Garage Upgrades nearing completion and ground breaking initiated for fueling station.
Five Year Advertising contract adopted	SFY2015/16	Entering fourth year of contract with Lamar Advertising. Numerous advertising opportunities have been identified and developed including partnering with national clients and establishing creative marketing and production & trade opportunities
Continue to Reduce Utility costs by improving energy efficiency of Metro facilities	SFY2015/16	Ongoing implementation of energy saving recommendations through a series of energy efficient projects such as heating controls, lighting, high speed doors, etc.
Reduce number and severity of Metro bus collisions	SFY2015/16	Increased overall and targeted safety training and awareness to reduce number of preventable accidents and amount paid out in third-party claims.
Labor Savings	SFY2015/16	Ongoing negotiations with labor unions including the evaluation of more flexible and efficient health care options as well as shift adjustments in and effort to curtail overtime costs. More frequent Open House Job Fairs conducted as a means of maintaining consistent staffing levels and controlling overtime costs.
Fuel Hedging	SFY2015/16	Ongoing practice to lock in fuel prices in an attempt to mitigate market volatility. Quantity of fuel purchased at market price vs. fixed price evaluated relative to current market health and futures 12 month average.

Form A-3 Transit Financial and Operational Explanations and Assumptions

Sponsor: Niagara Frontier Transportation Authority

Assumptions used to create Budget (CY 2015/SFY 2015-16) Figures

1. Operating Expenses:
   Personnel Services – labor contracts, expired contract increases based on negotiation stance, 2% non-rep increase, rates inputted from various fringe benefit suppliers (health insurance, pensions, etc.), overtime and other fringe benefit costs based on trends, workers' compensation based on actuary input. Included in SFY 2015-16 are actual GASB 45 cash contributions of $3,081k and $1,618k for Metro and non-Metro, respectively.
   Other Operating Costs – based on various recent trends and input from department and business heads; Metro Utilities are increasing 11.1% vs. SFY 2014-15 actual, as lower than forecasted SFY 2014-15 electric billings contribute to the increase.

2. Revenues – Metro passenger fare revenue budget reflective of recent trends, BNIA concessions/commissions based on 1% enplanement growth, BNIA compensatory revenue based on airline use and lease agreement, and 100% recovery of our BNIA automatic baggage sort system costs, other non-BNIA rental revenue based on tenant billing agreements.

3. Federal Subsidies – utilization of funds based on availability and combined operating and capital needs.

4. STOA – based on Executive Budget.

5. Local Contributions:
   Mortgage Tax – 2.2% increase vs. SFY 2014-15 actual based on recent trend and local market conditions.
   Erie County Sales Tax – 5.5% higher than SFY 2014-15 actual based on Erie County input.
   88c – 56.7% decrease vs. SFY 2014-15 actual due to allocation shift based on availability of funds and capital spending obligations.

Assumptions used to create Projected (CY 2016/SFY 2016-17) Figures

1. Operating Expenses:
   Personnel Services – 2.0% salary increases (Metro based on recent proposal), health insurance increasing 7.1%; Metro workers' compensation increasing 15.0%. Included in SFY 2016-17 are actual GASB 45 cash contributions of $3,869k and $1,807k for Metro and non-Metro, respectively.
   Other Operating Costs – Metro Fuel & Lubricants are increasing 1.2%.
   All Other – based on various trends and input from department and business heads.

2. Revenues – Metro passenger fare revenue increasing 0.7% of SFY 2015-16 levels, all other revenues based on cost compensatory agreements, tenant billing agreements and recent trends.

3. Federal Subsidies – Section 5311 increase based on actual Federal allocation, Preventive Maintenance funding increasing 2.0% in an effort to meet growing Metro capital needs.

4. STOA – based on SFY 2015-16 Executive Budget preliminary estimate of $42,159k remaining flat.

5. Local Contributions:
   Mortgage Tax – 0.9% increase vs. SFY 2015-16 budget, originally based on the SFY 2014-15 forecast, which was subsequently lower than SFY 2014-15 actual.
   Erie County Sales Tax – 1.7% increase, based on 5 year historical trend.
   88c – 100.0% decrease vs. SFY 2015-16 budget due to allocation shift based on availability of funds and capital spending obligations.

SURVEY INSTRUCTIONS

The New York State Department of Transportation (NYSDOT) is the primary state entity for collecting, analyzing, and reporting data related to transportation services within the State. The Paratransit Survey fulfills the following objectives:

- To collect data on ADA paratransit service practices in New York State, with information on agency profile, service policies, service statistics and cost information.
- To standardize the understanding of how paratransit systems work in New York State, and serve as the primary data source for the paratransit report prepared for Most Integrated Setting Coordinating Council (MISCC)
- To serve the data-driven approach to improve information flow between transit agencies, service providers, and target population

The 2014 version is derived from previous paratransit surveys conducted between 2010 and 2013. Based on previous responses, the survey instrument has been refined to improve data quality and communication between NYSDOT and local transit agencies. Changes include:

- The survey has been broken into two distinct categories: an Annual Program Survey (Form E) section (attached Excel document), which providers will update annually, and a Program Policy Form, which, after the first full response, need only be updated when changes are made to organizational policies.
- Clarification and reformatting of some existing questions to ensure accurate response.
- Elimination of question redundancies.

Please make sure to respond to ALL the sections and questions, and email the results to your DOT 17A contact/specialist, by 9/9/15, at the latest. As appropriate, please include URLs to your current paratransit service policy or attach the policy as a separate document in your response email.

Thank you for your cooperation.

Note:

- The attached copy of this survey contains responses from the 2014 survey based on 2013 data. Please update the 2015 survey with your responses and enter your answers for new questions based on 2014 data.
- There is a separate spreadsheet attached for contract information. Note that the spreadsheet only applies to systems with two or more contracted operators. Please collect this information from your contracted operators, and provide an additional form with consolidated information.
- Respondents should contact NYSDOT with questions regarding proper procedures for completing the survey form. The NYSDOT staff consists of the attached list and may be reached at the included phone number and e-mail address.

II. PROGRAM POLICY FORM

The following questions relate to your organization's ADA and paratransit policies. Please review carefully to ensure that all information is accurate and up-to-date. ***If changes have been made to any of your policies, or if you have not yet completed a Program Policy Form, please edit the appropriate section, using the Track Changes function****. [For example, if changes have been made to the manner in which appointments are scheduled, or the manner in which eligibility is determined, you will need to edit those sections.] If you have not made any changes, you do not need to edit this portion of the survey.*

A. SERVICE DESIGN

Please check how the service area was determined for your ADA complementary paratransit service, and for any other paratransit service you may provide.

A1. ADA complementary paratransit service area: (Check all that apply.)	
☒	3/4-mile corridor around fixed routes
☐	Within city limits
☐	Within county borders
☐	Other
If other, please describe:	

A2. Level of Service (check all that apply)	
☒	Curb-to-Curb
☐	Door-to-Door
☐	Door-through-Door
Please describe whether and how the level of driver assistance provided is meeting FTA service criteria of origin-to-destination service: **Origin to destination service is performed when requested by the passenger.**	

A3. Does the ADA paratransit service area change by time of day or day of the week?	
☐	No, the service area is the same at all times.
☒	Yes, ADA complementary paratransit is only provided in a corridor when fixed route is operating in that corridor.
☐	Yes, there are different defined areas for different times (e.g. weekdays, weekends, evenings, etc.).
If yes and if ADA defined areas or times are different, please describe:	

A4. Is the ADA complementary paratransit service area divided into operating zones or subareas?	
◉	No, there is a single zone
○	Yes, there are different zones/subareas.
If yes, the number of zones/subareas is:	
Source of the information:	

A5.	Is it necessary for an ADA eligible passenger to transfer for long-distance trips? (Check the most applicable.)
◉	NO, transfers are not required
○	SOMETIMES, depends on the trip
○	ALWAYS
If ALWAYS or SOMETIMES, is there extra charge for such transfers?	

A6.	Are "premium" fares used for paratransit service above and beyond ADA requirements?
◉	No, premium fares are not used in ADA complementary paratransit service.
○	Yes, riders may pay a premium fare for certain types of trips (e.g. outside of service area, trips that could be made on a fixed route but prefer to make by paratransit, or for extra driver assistance)
If yes, please describe when premium fares are charged:	

B. OPERATIONAL DESIGN

These questions apply to public transportation systems that provide ADA complementary paratransit services

B1. For each of the following operational functions, please indicate if the function is performed by transit agency employees, by contracted broker employees, or contracted operator employees. (Click one in each row.)

	Transit Agency Employees	Contracted Broker	Contracted Operator	Not Applicable
Initial trip reservation/advance cancellations/changes	☒	☐	☐	☐
Same day cancellations	☒	☐	☐	☐

If other, please describe:		

B3. If you indicated that one or more contracted operator is providing any or all of your ADA complementary paratransit functions, please indicated below how many different entities/companies operate vehicles as part of the ADA complementary paratransit service? (Check all that apply.)

☒	Not applicable, the transit agency operates all of the vehicles
☐	There is one contractor operating vehicles throughout the whole service area
☐	There is one contractor operating vehicles in each zone. The total number of operating contractors is
☐	There are multiple contractors operating vehicles within the transit service area. The total number of operating contractors is
Please enter the total 2012 contract amount (if applicable):	

C. RESERVATIONS AND SCHEDULING PROCESS

C1. Are any of the following technologies currently used in the reservations, scheduling, and/or dispatch functions? (Check all that apply.)

☐	Automated trip reservation software.
☐	Automated trip reservations, scheduling, and dispatching.
☒	Mobile data terminals or computers.
☐	Mobile telephone technology.
☒	Automated vehicle location technology.
☐	Other
If other, please describe:	

C2. Has a call-answering standard been established for reservations? (Check all that apply.)

☒	No, there is no formal call-answering standard.
☐	Yes, the standard is based on % of calls on hold less than a set number of minutes
☐	Yes, the standard is based on % of calls answered by a set number of rings

☐	Yes, the standard is based on an average hold time of less than a set number of minutes
☐	Other
For all answers, please describe the standard: **99% on hold; less than 2 minutes. The goal is to answer all calls in 35 seconds.**	

C3. Which of the following best describes the trip reservation and scheduling process for your ADA complementary paratransit service for the initial trip reservation (not "will call" or "Call when ready" trips)? (Check all that apply.)	
☒	Trip requests taken and scheduled while the customer is in the phone.
☐	Trip requests are taken then scheduled off-line.
☐	Trip requests are taken and same-day dispatched.
☐	Other
If other, please describe:	

C4. How far in advance may trip requests be placed? (E.g., 1 day, 2-3 days, 14 days)	
Please specify the maximum number of days for advance trip requests:	**14**

C5. What is the latest time that trip requests can be placed not counting "space available" trip requests? (E.g. previous day, same day, one hour ahead)	
Please specify the latest day and time that an advance trip request will be accepted:	**4:00PM previous day**

C6. When customers call to place trip requests, what times are accepted for the "going" or "outbound" trip? (Click the most applicable circle.)	
○	Customer tells us the requested pick-up time.
○	Customer tells us the appointment or desired arrival time.
◉	Customer tells us either the pickup or desired arrival time.
○	Other
If Other, please describe:	

C7. How long before and after the negotiated or scheduled pick-up time are riders asked to be ready and waiting for the vehicle (i.e. what is the "pickup time window")?	
Please enter the total number of minutes for the "pickup time window":	**30**
Please enter the number of minutes before the scheduled pick-up time:	
Please enter the number of minutes after the scheduled pick-up time:	
Other situations, please describe:	

C8. How long are drivers required to wait for passengers at the pick-up location (i.e. the vehicle "wait time")?	
If drivers arrive earlier than the pick-up window, they wait the following number of minutes:	
If drivers arrive within the pick-up window, they wait the following number of minutes:	**5**
If drivers arrive after the pick-up window, they wait the following number of minutes:	
Other situations, please describe:	

C9. Is there a maximum travel time for ADA complementary passenger trips? (Check all that apply.)	
☐	No, there is no formal travel time standard, or policy.
☐	Yes, maximum travel time is based on number of minutes.
☐	Yes, maximum travel time is based on trip distance.
☐	Yes, maximum travel time is based on percentage of the time required for the same trip on fixed-route
☒	Other standard or policy applies.
If Yes or Other, please describe the standard or policy: **A trip will be comparable to the duration of an identical trip taken on fixed route service. Includes factors such as travel time to bus stop, waiting time, actual riding time, transfers. Exception is factors beyond control with weather and traffic.**	

D. NO-SHOW & CANCELLATION POLICIES

D1. Do you have a written "no-show" policy for the ADA complementary paratransit service?	
x	Yes
○	No
If yes, please describe the policy here, specify the page in your service policy document attached, or provide a link to relevant information on your agency website: **Once a vehicle has arrived at a location for pick up, we are required to wait five minutes. If the client has not boarded or come out to the van, he/she will be given a no show.**	

D2. Is the "no-show" policy actively enforced?	
○	Not applicable, there is no "no-show" policy in place.
○	No, we have never needed to take a formal action to enforce the "no-show" policy.
○	No, our enforcement mechanism is currently on hold or being modified.
○	Yes, the "no-show" policy is enforced to some degree.
◉	Yes, the "no-show" policy is actively enforced.

Please describe the mechanisms by which the ADA "no-show" policy is enforced, including progressive steps if applicable:
A combination of six or more late cancels/no shows within a six month period will result in a 30-day suspension.

D3. Do you have a written "late cancellation" policy for the ADA complementary paratransit service?	
◉	Yes
○	No

If yes, please describe the policy here, specify the page in your service policy document attached, or provide a link to relevant information on your agency website:
Failure to cancel a trip less than two hours prior to your pick up window.

D4. Is the "late cancellation" policy actively enforced?	
○	Not applicable, there is no "late cancellation" policy in place.
○	No, we have never needed to take a formal action to enforce the "late cancellation" policy.
○	No, our enforcement mechanism is currently on hold or being modified.
○	Yes, the "late cancellation" policy is enforced to some degree.
◉	Yes, the "late cancellation" policy is actively enforced.

Please describe the mechanisms by which the ADA "no-show" policy is enforced, including progressive steps if applicable: **A combination of six or more late cancels/no shows within a six month period will result in a 30-day suspension.**

D5. Do you track "no-shows" and "late cancellations", and if so, how are they counted?	
○	No, we do not track "no shows" or "late cancellations".
○	Yes, "no-shows" are tracked and counted separately from "late cancellations".
◉	Yes, "no shows" and "late cancellations" are considered the same and counted together.

E. ADA COMPLEMENTARY PARATRANSIT ELIGIBILITY DETERMINATION

E1. Indicate which of the following techniques are used in the ADA complementary paratransit eligibility determination process and what percentage of applicants complete or participate in each? (Check all applicable and fill in the percentages.)
