### **IMMEDIATE CONSIDERATION**

**RE: Erie County Sewer District No. 3  
Rush Creek Interceptor  
Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project  
Re-Bid Opening – Contract No. 17-A**

Dear Honorable Members:

The Department of Environment and Planning, Division of Sewerage Management is proposing improvements in Erie County Sewer District No. 3. These improvements will increase the operation, reliability and efficiency of the existing facilities and will also eliminate three permitted overflows to Rush Creek.

Plans and specifications, known as the Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project, Contract No. 17-A and 17-A, were prepared and construction bids were received on February 3, 2015. The lowest bidder for the General/ Mechanical Contract, Contract No. 17-A, made an error in the preparation of its bid which was subsequently withdrawn per General Municipal Law. Contract No. 17-A was rebid. The rebid of the Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project 17-A was received on March 18, 2015. The lowest responsible bidder for the General Contract No. 17-A, is as follows:

<u>Contract</u>	<u>Lowest Responsible Bidder</u>	<u>Amount</u>
Contract 17-A General	Kandey Company, Inc. 19 Ransier Drive West Seneca, NY 14224	\$6,642,525.00

Kandey Company, Inc. has been recognized as a reputable contractor capable of completing this project. Therefore, this resolution seeks to award Contract No. 17-A to the above named contractor.

Should your Honorable Body require further information, I encourage you to contact the Department of Environment and Planning/Division of Sewerage Management. Thank you for your consideration on this matter.

Sincerely yours,

Mark C. Poloncarz, Esq.

## MEMORANDUM

**To:** Honorable Members of the Erie County Legislature  
**From:** Department of Environment and Planning  
**Re:** Erie County Sewer District No. 3  
Rush Creek Interceptor  
Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project  
Re-Bid Opening – Contract No. 17-A  
**Date:** March 23, 2015

---

### **SUMMARY**

The award of the following Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project, Contract 17-A, is requested.

<u>Contract</u>	<u>Lowest Responsible Bidder</u>	<u>Amount</u>
Contract 17-A General	Kandey Company, Inc. 19 Ransier Drive West Seneca, NY 14224	\$6,642,525.00

The necessary bid tabulations, Engineer's estimate, and Engineer's recommendation are enclosed.

### **FISCAL IMPLICATIONS**

There will be no impact to the County's General Fund. The funds for this contract will be allocated from Erie County Sewer District No. 3 Sewer Capital Account C.00012 and from Erie County Sewer District No. 3 Capital Reserve.

### **REASONS FOR RECOMMENDATION**

Completion of the Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project is necessary to eliminate the Blasdell Wastewater Treatment Plant and three permitted Sanitary Sewer Overflows (SSOs) tributary to Rush Creek. The Rush Creek Interceptor project has been awarded a \$5,000,000 grant and failure to complete this project will jeopardize the grant.

### **BACKGROUND INFORMATION**

The Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project will eliminate the Blasdell Wastewater Treatment Plant, as well as permitted SSOs tributary to Rush Creek at the Electric Avenue, Blasdell Milestrip, and Labelle Pumping Stations. All flows will be diverted to the Southtowns Advanced Wastewater Treatment Facility where improvements are currently being constructed under the Southtowns Influent Pump Station and ORF Improvements Project. Both projects are collectively part of an overall undertaking known as the Rush Creek Interceptor Project.

# SUSPENSION

Plans and specifications were prepared for the purpose of receiving bids to construct the Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project. The NYSDEC has approved the plans and specifications and bids were received on February 3, 2015. The lowest bidder for the General/Mechanical Contract, Contract 17-A, made an error in preparations of its bid which was subsequently withdrawn per General Municipal Law. Contract No. 17-A was rebid on March 18, 2015 and three (3) bids were received. The total cost submittal by the lowest responsible bidder for the General Contract was within \$6,300.00 of the Engineer's Estimate.

## **CONSEQUENCES OF NEGATIVE ACTION**

The Rush Creek Interceptor, Blasdell Milestrip Wet Weather Relief Pumping Station and Force Main Project will not be constructed and the Blasdell Wastewater Treatment Plant and three permitted SSOs tributary to Rush Creek, will not be eliminated. The \$5,000,000 grant for the Rush Creek Interceptor would be jeopardized.

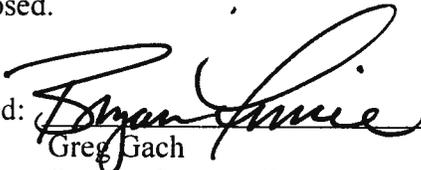

## **STEPS FOLLOWING APPROVAL**

The low bidder will be issued a Notice of Award and the Department will initiate the process of executing the contract documents. A Notice to Proceed will be provided upon receipt of the necessary certificates, bonds, and execution of the contract.

## **COMPTROLLER'S OFFICE REVIEW**

The proposed action has been reviewed by the Comptroller's Office and is related to an authorized capital project for which there are sufficient capital appropriations for the action proposed.
