Honorable John Mills,

Thank you very much for your commitment for the safety of the people in the south towns.

I should have sent you this petition sooner, i was hoping to receive the other signed documents to send along with the ones i am sending you but it has been long enough. I am glad that progress is being made on the reconstruction of Springville-Boston Rd and i tell everyone you are the one to Thank! Again thank you John for everything you have done for the town of Concord.

Sincerely Yours,  
Kenneth D. Zittel  
Councilman Town of Concord

Comm. 18M-9

# SUSPENSION

Dear County Executive Polancarz and Commissioner Loffredo,

We, the undersigned, have tolerated the deplorable conditions of the Springville-Boston Rd. in the Town of Concord and Village of Springville for some time now. The substandard conditions of the road surface have caused near accidents and damage to our vehicles. The Springville-Boston Rd. provides primary egress for many of us and is heavily utilized by Springville Griffith Institute school buses. Also, it is the main road when Route 219 expressway is shutdown due to accidents and adverse weather conditions. This road is a real safety issue not only for the people living on the road but for everyone. We are formally requesting that the County Public Works Department take whatever action necessary to make this route safe and driveable as soon as possible.
