ERIE COUNTY LEGISLATURE

HON. EDWARD A. RATH, III
LEGISLATOR

September 27, 2016

Hon. Mark Poloncarz
Erie County Executive
Edward A. Rath County Office Building
95 Franklin Street, 16th Floor
Buffalo, New York 14202

Dear County Executive Poloncarz:

Conner Road is among the worst maintained roads in my district: proper drainage is an issue, the shoulders on the already narrow road are collapsing, and potholes are becoming the norm as opposed to the exception. Each day school buses use it to transport our children to and from school, and local residents need to travel it to get to work - despite its deplorable condition. The situation at Conner Road is becoming a potential disaster and something needs to be done.

I had hoped the county would have been able to repair Conner Road this year, but unfortunately that did not happen. As an interim solution, I am proposing that the county erect signage indicating the deterioration of the shoulder, the depth and frequency of potholes, and the narrow width of the road, in order to remind motorists that travel Conner Road to be extra cautious. This would be especially prudent to have done before the upcoming winter.

I appreciate your attention in this matter and look forward to your anticipated cooperation to protect the safety of our residents.

Sincerely,

Edward A. Rath III
Legislator, 6th District
