RE: Resignation from Broadband Committee

Dear Legislator Burke,

First let me thank you for the opportunity to serve on the County's Broadband committee. I feel the work that we did to achieve the County issuing an RFP for a broadband study was meaningful and I am hopeful it will lead to increased access and lowered costs for both residents and businesses in Erie County.

With a majority of the work completed on the committee, I am going to offer my resignation from the Broadband Committee effective immediately. It was an honor to serve.

Best Regards,

Diana K. Cihak
