Erie County Legislature
25 Delaware Avenue
Buffalo, NY 14202

Dear Legislators,

I am honored to have served on the Erie County Legislature's Bridge and Road Maintenance Infrastructure Maintenance (BRIM) Advisory Board and have learned much in the time that the group was active. Most importantly, as a result of the group's work, lines of communication were established, and will hopefully remain open, among the County, Municipal Highway Superintendents, the New York State Department of Transportation, the New York State Thruway Authority, the Greater Buffalo Niagara Regional Transportation Council and the Niagara International Transportation Technology Coalition.

As we have not met in several months, and our work appears finished, I would like to resign from the BRIM Advisory Board.

Thank you again for giving me the opportunity to serve and learn. I am most grateful.

With kindest regards,

Mary S. Cooke
