Dear Comptroller Mychajliw:

I have been informed that, at the request of Legislator Tom Loughran, your Office is performing a cost impact analysis of the lease option for the 10-12 Fountain Plaza compared to the current lease at 478 Main Street. I would like to encourage you to contact Social Services Second Deputy Commissioner Mary Ellen Brockmyre to get our analysis and the proposals. I believe these materials will expedite your analysis and provide you with a fuller understanding of our options.

Sincerely,
