## MEMORANDUM

**To:** Honorable Members of the Erie County Legislature  
**From:** Department of Environment and Planning  
**Re:** Erie County Sewer District No. 6  
Increase & Improvement of Facilities (2016)  
**Date:** November 11, 2016

---

### **SUMMARY**

The Erie County Legislature is requested to approve the attached resolution for the proposed Increase & Improvement of Facilities in Erie County Sewer District (ECSD) No. 6.

### **FISCAL IMPLICATIONS**

The bond authorization will have no effect on Erie County's general fund.

### **REASONS FOR RECOMMENDATION**

Pursuant to County Law, Article 5A, Section 268, Increase & Improvement requires a Public Hearing on the proposed increase. The Erie County Legislature approved a resolution on October 6, 2016 calling a public hearing. The public hearing was held on October 26, 2016 with no objections to the Increase & Improvement of Facilities. The next step is to approve the attached resolution.

### **BACKGROUND INFORMATION**

The Sewer District due to its advance age and size is always upgrading or repairing its existing sewer system, thus the reasoning to have capital funds available for infrastructure improvements that arise within the sewer district. Currently new requirements of the ECSD No. 6 State Pollutant Discharge Elimination System permit will require the Sewer District to upgrade the Lackawanna Wastewater Treatment Plant and the upstream system.

On June 21, 2016, the ECSD No. 6 Board of Managers approved a Sewer Agency Report recommending this Increase & Improvement of Facilities pursuant to Article 5A of New York State County Law to fund improvements that the Sewer District could incur.

### **CONSEQUENCES OF A NEGATIVE ACTION**

The County would not be able to fund the necessary improvements in ECSD No. 6.

### **STEPS FOLLOWING APPROVAL**

The Erie County Division of Sewerage Management will submit a Bond Resolution for approval to the Erie County Legislature.
