RE:

Initiatives for Stronger Community-2015 Q3 & Q4 Biannual Reports

In January 2016, departmental staff provided periodic reports on the 49 initiatives comprising Initiatives for a Stronger Community for the time period between July-December 2015. This memo will summarize the reports and highlight the successes already achieved as well as any areas of concern.

Please refer to the attached spreadsheet for a complete listing of the initiatives and the status of each. A full compilation of the reports is also available for your review.

Completed Initiatives

To date, 11 initiatives have been completed, representing 22% of the total. Completed initiatives are: convene pay equity roundtable, re-establish the Welfare Advisory Board, strengthen partnership between CPS and schools, publish annual community resource guide for youth programs, collaborate with stakeholders in improve Kinship Process, co-locate a mental health counselor and a CASAC in CPS, complete a chronic neglect study, increase participation in SNAP program to prevent hunger, establish a New Americans Advisory Council, establish an assisted enroller program for public benefit programs, and implement a Health Home-jail pilot.

In Progress Initiatives

36 of 49 initiatives are in progress, representing 73% of the total. There are initiatives in progress in all four sections. Eight of the in-progress initiatives are at least 75% complete so the total number of completed initiatives in on track to increase by June 2016. These include initiatives like 3.44, Establish a Food Policy Council, and 1.2, Strengthen connections between ECIDA and the Workforce Investment Board.

See the attached spreadsheet for notes on individual projects including notes by initiative supervisors.

Initiatives Not Yet Begun

2 initiatives have not yet begun, representing 4% of the total. These two initiatives currently lack project leads due to recent vacancies.

Areas of Concern

There are no areas of concern to report at this time.

Conclusion

Of the 49 initiatives, a total of 47 (95%) are completed or underway. Substantial progress has been made the plan was launched and even more progress is expected by the next reports in June of 2016. Encouragingly, resources have been found for many of the ongoing initiatives, including significant state grants.
