

ERIE COUNTY LEGISLATURE

92 Franklin Street - 4th Floor
Buffalo, New York 14202

April 15, 2016

Hon. David A Rivera
1504 City Hall
Buffalo, NY 14202

Dear Council Member Rivera,

Erie County has been working with the City of Buffalo for years to provide lead paint testing for city residents. As you are aware the lead poisoning situation has become a central focus for the residents of Erie County and effects tens of thousands of city homes.

County Executive Poloncarz has submitted requests for Lead Poisoning prevention programs with a large central focus in the city. We want to invite you, and any of your fellow council members who wish to attend, to the Legislature to discuss the Lead Poisoning issue fully including the relevant actions of the Common Council and how the County and City can work together to appropriately address this issue for our residents.

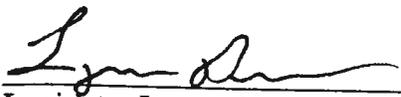

This discussion will take place in our Finance and Management Committee, which is scheduled for Thursday April 21 at 1:30 pm.

If you have any questions please contact my Chief of Staff Steven Whipple at 858-8528 or Steven.Whipple@erie.gov.

Sincerely,

Chairman John J. Mills

Majority Leader Joseph C. Lorigo
