

## ERIE COUNTY LEGISLATURE

HON. LYNNE DIXON  
LEGISLATOR  
DISTRICT 9

May 24, 2018

Commissioner Bill Geary  
Erie County Department of Public Works  
95 Franklin Street  
Buffalo, New York 14202

Dear Commissioner Geary:

I am requesting the Administration and Public Works officials come to the next Energy and Environment Committee to provide us updated information on several road projects.

First, I would like to know a firm plan and date for when a public information session will be held to share with residents what to expect with Lake Avenue road repair and infrastructure improvements. As you know, the Erie County Legislature approved funding for this project more than two years ago. While I understand the railroads present a challenge, this should NOT prevent the other work from going forward, and certainly shouldn't be a roadblock to sharing with residents the plans for that road.

Secondly, I would like to be made aware of the timetable for the broader road construction plans this summer. For example, when will work begin on Lakeview Road? How long do you expect that project to last? What about other planned repaving projects in Erie County?

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Lynne Dixon".

Lynne Dixon  
Erie County Legislator  
District #9

cc: Legislator John Bruso, Chair Energy & Environment
