COUNTY OF ERIE

LOCAL LAW NO. \_\_\_\_\_ - \_\_\_\_\_

LOCAL LAW INTRO. NO. 7 - 2000

A LOCAL LAW in relation to support of the Buffalo and Erie County public library.

BE IT ENACTED BY THE ERIE COUNTY LEGISLATURE, AS FOLLOWS:

Section 1. Erie County Local Law number one of nineteen hundred fifty-nine, constituting the Erie county charter, as amended, is amended by amending section sixteen hundred twelve thereto to read as follows:

1612. Support of public libraries.

a. A portion of the annual real property tax shall be annually levied and collected for library purposes, and shall be separately set out on the real property tax notices as the “amount for library purposes.” The entire amount of funds allocated in the general budget for library purposes shall be available to the Buffalo and Erie county public library, and shall not be subject to withholding, modification, or reduction by the county after adoption of the annual Erie county budget, consistent with library powers in section two hundred fifty-nine of the education law, except that the trustees of the Buffalo and Erie county public library shall not authorize, without the prior approval of the county legislature, the transfer of any appropriation from one branch or contract library to another which would necessitate the closing of any branch or contract library.

b. The Erie county legislature shall, by majority vote, annually determine the amount to be raised for the Buffalo and Erie county public library under this section. Such amount shall not exceed the anticipated county share of the Buffalo and Erie county public library expenses adopted in the annual Erie county budget.

Section 2. This local law shall be construed to be in all respects consistent with chapter seven hundred sixty-eight of the laws of nineteen hundred fifty-three and not to alter any provision of that statute, but to carry out the purposes and intent of that statute.

Section 3. This local law shall be effective January first, the year two thousand and one upon adoption by a two-thirds majority of the legislature, or, if adopted by a simple majority, this local law shall be effective immediately following approval by the electors of the county at the next general election of state or county government officers held not less than sixty days following the adoption of this local law, provided, however, that the provisions of this local law shall expire and be deemed repealed on or after January first, the year two thousand and two.

3. Item Page - 2000 **AS AMENDED**  
 (Intro. 19-7)  
**PEOPLES, AS AMENDED**

WHEREAS, quality housing is one of the key factors associated with regional growth and prosperity, and the average age of a home in the city of Buffalo is 100 years old, and

**MEETING NO. 22**  
**November 2, 2000**

**ERIE COUNTY LEGISLATURE**

WHEREAS, across Erie County, many residents are living in homes that cause injury and health problems, especially to children and elders, and

WHEREAS, the presence of poverty, faulty construction, mold, moisture, radon, lead based paint, roach or rodent infestation, asbestos, dust, overcrowding, certain pets or something as simple as an unvented clothes dryer can contribute to the development or exacerbation of multiple allergies, high lead levels, asthma, and some neurodevelopment impairment in newborns, and

WHEREAS, research and analysis over the last century has revealed direct correlation between the health of occupants living in older, poorly maintained housing structures, the prevalence of certain environmental conditions and the contraction of certain disease/conditions by residents living in said homes, or under said conditions, and

WHEREAS, nationally, 2.5 million children become ill due to conditions in their homes that could be prevented or eliminated, and

WHEREAS, experts estimate a surprisingly large percentage of the 14 million American asthma sufferers, (now recognized as the leading cause of school and work absence, emergency room visits and hospitalization), contracted the disease or had its onset exacerbated by environmental conditions in their own homes, and

WHEREAS, the cost of medical treatment for allergies and asthma runs approximately 8.2 billion dollars annually and could be significantly reduced through education, healthy home intervention, and prevention, and

WHEREAS, for municipalities to continue to pay for the treatment of preventative health conditions at our public hospital without correcting the living environment that created or exacerbated the poor health condition, is counter-productive, not cost effective use of taxpayers money, and perpetuates a vicious cycle, and

WHEREAS, county-wide housing standards must be developed from a regional approach of standardization and must include older first ring suburban homes as well as inner-city dwelling structures, especially those on gateway streets, and

WHEREAS, regionalism demolition efforts were successful in razing dilapidated structures on gateway streets throughout Erie County, thereby diminishing the air of hopelessness prevalent in blighted communities, avoiding rodent infestation and eliminating possible health hazards, and

WHEREAS, HUD (the Federal Department of Housing and Urban Development), has established a Healthy Homes initiative and has set aside some ten million dollars in their annual budgets to fund pilot programs, develop solutions to attack housing problems and study the feasibility of implementing federal housing standards, and

WHEREAS, low to moderate income homeowners, landlords and/or taxpayers who own multiple rental properties or benefactors of heir property whose incomes cannot adequately support

**ERIE COUNTY LEGISLATURE**

the cost of renovation, modernization or demolition of income property in sub-standard condition, ultimately jeopardize the lives of their own families and/or tenants living in substandard housing structures throughout Erie County, and

WHEREAS, dilapidated housing conditions create foreboding neighborhood environments and given the age and deplorable housing conditions found in Buffalo's inner city and pockets of some suburban communities throughout Erie County, there is a need for the Erie County Legislature to address the effect of common housing deficiencies and their negative impact on the health of Erie County residents, through legislation, and

WHEREAS, without the implementation of minimum standard housing legislation in Erie County, innocent children, seniors and families countywide will continue to live at-risk, in peril and constant jeopardy, and

WHEREAS, the development of these minimum housing standards must include a coordinated, regional approach to the establishment of standards for all communities throughout Erie County,

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature reaffirms its belief that every resident living in Erie County should have the right to live in housing that is adequately maintained, safe, clean and health, and be it further,

RESOLVED, that this Honorable Body does hereby call for the establishment of a Blue Ribbon Commission of experts; to be named by November 15, 2000, assigned to develop guidelines, standards and enforcement measures for a minimum standard of housing countywide, and be it further

RESOLVED, that membership shall consist of 13 members from the Finance & Management Committee and the County Executive's recommendation, and be it further

RESOLVED, that this Honorable Body does further call upon the membership of this commission to deliver a recommendation for regional minimum housing standards no later than March 15, 2001, and be it further

RESOLVED, that certified copies of this resolution be forwarded to County Executive Joel Giambra, Erie County Health Commissioner Anthony Billitier, M.D. and Dr. Henry L. Taylor, Jr. PhD, Director of the University at Buffalo's Center for Urban Studies, David Hahn-Baker, Chair, Erie County Environmental Management Council.

RESOLUTION NO. 432

Re: Implications of Internal Revenue Service Concerns with Respect to Erie County's Securitization of Tobacco Settlement Revenue Stream.  
 (Intro. 22-6)

**MEETING NO. 22**  
**November 2, 2000**

**ERIE COUNTY LEGISLATURE**

A RESOLUTION SUBMITTED BY LEGISLATORS  
SWANICK, PEOPLES, KUWIK, FITZPATRICK, HOLT,  
FISHER, DUSZA, MARINELLI & PAULY

WHEREAS, several years ago, the Erie County Legislature and the county's former administration joined with the Attorneys General of several states to file suit against this nation's tobacco companies, and

WHEREAS, while the basis for such lawsuits were the costs borne by governments for medical expenses covering smoking related illnesses, the settlement of those lawsuits resulted in unprecedented financial windfalls for governments, including Erie County, and

WHEREAS, earlier this year, the Erie County Legislature and the Giambra administration authorized the securitization of the county's tobacco settlement revenue, with the Legislature making changes to a plan initially proposed by the county administration, and

WHEREAS, the jointly negotiated plan, preceded by authorizing legislation from the state, involved securitization dollars being set aside in a trust fund for specific uses, including Erie County Medical Center, future Medicaid appropriations and appropriations for economic development, regional initiatives and the reduction of the county's bonded indebtedness, and

WHEREAS, the County Executive's proposal sought to utilize the trust fund for Medicaid appropriations and for the Medical Center for a thirteen year period, through and including the year 2013, and

WHEREAS, in advance of the adoption of this proposal, members of the Legislature raised questions concerning the tax-exempt status of the bonds issued by the county, and

WHEREAS, issues concerning the tax-exempt status of the bonds are significant indeed; on the front end, were the county to enter into an agreement to use taxable bonds, the return on the investment would be significantly lower; on the back end, were a tax-exempt issuance performed and bonds were later deemed to be taxable, penalties and interest levied against the ETASC could significantly impact the county's tobacco settlement proceeds, and

WHEREAS, in discussions as early as May 8, 2000, and in a series of documents and in a discussion with legislators on May 31, 2000, the Legislature's financial advisor, Fiscal Advisors & Marketing, Inc., raised this issue, questioning the ability to issue tax exempt bonds and spend down the proceeds of that bond sale over a 13 year period, and

WHEREAS, at the same time, Fiscal Advisors & Marketing raised concerns about county liability with respect to the IRS should the tax-exempt status be called into question, and

WHEREAS, specifically, questions were raised in two parts:

**MEETING NO. 22**  
**November 2, 2000**

**ERIE COUNTY LEGISLATURE**

- a. IRS regulations stipulate that, in order for the county to use a tax-exempt bond issuance, funds realized from that issuance must be utilized within a tightly prescribed period of time, with three years being the limitation; and
- b. IRS regulations further stipulate that funds realized from such a tax-exempt issuance cannot be used for purposes described as “working capital;” instead, the IRS prefers use of these funds for non-working capital purposes, specifically the defeasance of previously issued indebtedness and/or for new capital projects for the county;

And

WHEREAS, in response to issues raised by the Legislature, assurances were given by the Budget Director and representations were made suggesting that the county’s bond counsel, Hawkins, Delafield and Wood, had sought, received or otherwise obtained an opinion suggesting that the county’s plan, structured as it was, would meet with the approval of the IRS concerning issues of the tax-exempt status of the bond issuance, and

WHEREAS, Legislators have recently learned that the IRS has not approved the structure as it was proposed and adopted, and

WHEREAS, through a letter to the Chairman of the Erie County Legislature dated October 25, 2000, the county budget director has indicated that structural changes were made to the financing transaction resulting from concerns raised by the IRS, and

WHEREAS, such changes raise concerns about the plan adopted by the Legislature and approved by the County Executive, and

WHEREAS, a meeting of the Legislature’s Finance and Management Committee may be held to receive testimony from the County Comptroller, the county’s bond counsel, the Budget Director and other officials of the county administration in order to determine the current status of the county’s securitized trust fund and the plan for its use adopted by the Legislature and approved by the County Executive,

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature does hereby express its concern for the status of the county’s securitized tobacco settlement funds, which represents the county’s compensation for funding decades of smoking related illnesses through the county’s portion of the Medicaid program, and be it further

RESOLVED, that this Honorable Body does hereby call upon the County Comptroller, the Budget Director, and representatives of the county’s bond counsel, Hawkins, Delafield and Wood, to attend a future meeting of the Legislature’s Finance and Management Committee to address several questions, including, but not limited to:

**MEETING NO. 22**  
**November 2, 2000**

**ERIE COUNTY LEGISLATURE**

1. What was the IRS ruling which precipitated changes in the plan?
2. Who authorized the changes made to the plan?
3. What is the generally accepted time period the IRS will afford the county for use of these funds, and for what specific purposes will the IRS allow the county to utilize said funds?
4. How does the IRS ruling impact the county's ability to utilize funds for the purposes outlined in the Home Rule legislation and subsequent legislation adopted by the Legislature and approved by the County Executive?
5. What are the **exact** items or purposes for which the county may now utilize trust fund dollars?
6. The time period adopted in the original plan, upon the advice of bond counsel, was for funds to be expended over a 13 year period. As a result of the IRS rulings, will the county be forced to expend funds over a period shorter than 13 years?
7. When did the county learn of the IRS objections to the original plan? Was it prior to or following the bond sale?
8. What are the long term ramifications of IRS involvement in this transaction? Does the county face the potential loss of additional tobacco settlement revenue resulting from any penalties as a result of the structure of the original plan? What has the decision to pursue the original course of action cost county taxpayers in terms of additional lost tobacco settlement revenues?

And be it further

RESOLVED, that this Honorable Body does hereby request that the Budget Director submit copies of any and all bonding documents related to the Erie Tobacco Asset Securitization Corporation (ETASC) sale of bonds, with such copies to be filed with the Clerk of the Erie County Legislature no later than the close of business on Monday, November 6, 2000, and be it further

RESOLVED, that certified copies of this resolution be sent to the County Executive, the Comptroller, the Budget Director, the Members of the Board of Directors of the ETASC, and to C. Todd Miles, Hawkins, Delafield and Wood, 67 Wall St., New York, NY 10005.

RESOLUTION NO. 446

Re: Calling for Home Energy Assistance Program (HEAP) Officials to Adjust Aid and Relief to Those in Need This Winter to Offset Projected Skyrocketing Gas Costs.

A RESOLUTION SUBMITTED BY LEGISLATORS LARSON, CHASE, GREENAN, WEINSTEIN, MARSHALL & RANZENHOFER

**WHEREAS**, Consumers, factories and businesses have turned to natural gas in greater numbers because of its traditionally lower price compared to other forms of energy, and

**WHEREAS**, The booming market for electricity generation – fueled by a host of new power plants that utilize natural gas – has reduced natural gas storage and supply by 14 percent from this time last year, and

**WHEREAS**, officials are warning that over 500,000 Western New York residents can expect to pay as much as 56 percent more to heat their homes this winter, and

**WHEREAS**, The Home Energy Assistance Program (HEAP) is a federally funded program, administered by states, to help residents who qualify pay their heating bills. The HEAP office in Erie County makes direct payments on heating bills for area residents, and

**WHEREAS**, New York State raised the income limits significantly last February to offset rising costs, so that residents earning as much as \$33,552 annually, for a household of four, can now qualify for partial assistance, and

**WHEREAS**, If the projections are correct and natural gas prices soar, many Erie County senior citizens, residents and families are not going to be able to pay the large cost to heat their homes this winter, and

**NOW, THEREFORE, BE IT**

**RESOLVED**, that the Erie County Legislature requests officials from the National Fuel Gas Company to address and report to the Erie County Legislature information pertaining to the projected skyrocketing heating costs and the extremely low reserves of natural gas in our area, and be it further

**RESOLVED**, that the Erie County Legislature unanimously calls upon officials to review cost of heating increase projections and re-evaluate the current assistance guidelines to increase aid to current HEAP clients and expand the current eligibility standards to include individuals who will now be negatively affected and unable to pay the large natural gas cost increase, and be it further

 From: CHARLES M. SWANICK, Chairman

 Re: **FLOOR CONDUCT**

---

The events of the past few weeks cause me to put into writing what members of this legislative body should necessarily understand. The conduct of members of the Legislature, both in committees of the Legislature and particularly during sessions of the Legislature, should always be in keeping with the dignity and honor of the office to which we each have been elected.

As in all times during my tenure in the Legislature, this Honorable Body continues to address issues that, by their nature, are contentious and cause widely disparate points of view to be brought forth. It is not my intent to dissuade members from being passionate about their beliefs, or to suggest that such passion cannot be displayed on the floor during debate on a particular issue. As Chairman, all I ask is that members speak and act in a manner consistent with the rules of the Legislature, common courtesy and decorum befitting the Legislature itself.

Make no mistake: under no circumstances will I, as Chairman, further tolerate actions the likes of which I have seen during the past several months. The use of profanity on the floor of the

**MEETING NO. 22**  
**November 2, 2000**

**ERIE COUNTY LEGISLATURE**

Legislature is an affront to our membership and to the public we have been entrusted to serve; it will not be tolerated under any circumstances. Furthermore, personal attacks on members by other members are, by their nature, out of order, and members engaging in such attacks, in the opinion of the Chair, will be ruled out of order.

Lastly, both the Rules of the Erie County Legislature and Robert's Rules of Order place in the Chair a significant degree of discretion, and it has been my practice to use that discretion to ensure that members receive optimum ability to make their opinion known on a particular issue. That notwithstanding, if debate in the Legislature should sink to a level that I, supported by a majority of members, believe inconsistent with the decorum of the Legislature, as Chairman, I reserve the right to accept a motion to call the previous question, a motion that is in order and not debatable. Should said motion be made and seconded, a vote will be called and the business of the Legislature shall proceed forthwith.

I call your attention to a statement made by former Chairman Richard A. Slisz, and entered into the record April 10, 1986, concerning decorum in the Legislature (copy attached). While the issues may have been different in 1986, the need to maintain good manners and proper conduct in our house was the same then as it is today. I ask that members review Chairman Slisz's statement and act accordingly.

In conclusion, the late former United States House of Representatives Speaker Thomas P. "Tip" O'Neill often said that while Democrats and Republicans in the House often disagreed, they tried to do it without being disagreeable. That philosophy is one worth emulating; let us air our differences in the full marketplace of ideas, but remain respectful of each of our colleagues in the process.
