Privilege of the Floor/Question Period:
Bill Goral of 12229 McNeeley Rd spoke regarding his visit to the town hall earlier in the afternoon. He had stopped to see Mike Borth but he was not here so he spoke to the Supervisor instead. They had a heated words and he asked the Supervisor to come to his home to look at a drainage situation with his neighbor. Supervisor Cummings went to Mr. Goral’s property where another heated exchange took place. Mr. Goral asked that the board make Supervisor Cummings write a letter of apology to his wife for his behavior and go to an anger management class.
Councilman Burke asked Mr. Goral to put his request in writing and give it to the Clerk for distribution to the Board members and to also include his interpretation of the facts of the conversation that took place with the Supervisor.

Mr. Goral stated the Supervisor told him to call the Town Attorney and he did, but was told by the Town Attorney there was nothing he could do.

Supervisor Cummings was also asked to write down his interpretation of the facts of the conversation that took place with Mr. Goral. Once that is done the Board will review all the interpretations and statements.

Councilman Burke questioned Mr. Goral on his visit to the Board 2 weeks ago and suggested calling ahead to see if the Code Enforcement Officer is on the premises before he comes in.

Frank Daddario of Pearl Place asked about having restroom facilities put on the bike path as other towns have.

Supervisor Cummings responded that actually a port-a-john was just put up last Monday at the “Y” junction of the bike path and will be there from May 1st-October 15th. At the end of this year’s period the town will see how that worked out and make decisions for next year.

Mr. Daddario also questioned if the town has any influence over Erie County. He is very concerned about the Erie County Akron Falls Park where massive erosion has taken place on the wall along the main park roadway from the baseball diamond to the falls. It is in perilous condition and he called the County Parks to express his concerns about it. They stated they are aware of it. He fears it will fall into the ravine.

Scott Rybarczyk from Wendel stated the County is in the middle of doing a parks master plan right now and that is probably part of the study so he doesn’t foresee the County doing anything to address it immediately.

There being no further business to come before the board for the regular meeting a motion was made by Councilman Burke, seconded by Councilman Dugan to adjourn the regular meeting at 8:45pm. Carried Unanimously

Respectfully Submitted,
Dawn D. Izydorczak, RMC, Town Clerk
