The Supervisor called the Public Hearing to order at 7:40pm on the proposed site plan for the Dollar General project.

The Clerk read the proof of publication.

Comments: Brandon Moss, DOT Development, Coneck Lake, PA 16316, explained the proposed facility to be built. It will be a 9,100 square foot retail store with adequate parking facilities. The Town Board questioned aspects of their Angola project in comparison to Newstead project. This included fenced in garbage area, landscaping, inter-connection with McDonald’s parking lot. There are provisions for additional parking in the future. There were also questions on the signage, snow removal and drainage.

There being no further comments, a motion was made by Councilman Finger, seconded by Councilman Chaffee to close the public hearing on the Dollar General project.

Carried Unanimously

The Supervisor called the Public Hearing to order at 8:05pm on the proposed site plan for the MGA Research project.

The Clerk read the proof of publication.

Comments: Rudy Arndt, Vice President of MGA and Gary George, Building Contractor on the project addressed the Board members and went over the plans for the project. The drainage issues are addressed as well as landscaping and parking. Grey and green color scheme to be used on this project.

There being no further comments, a motion was made by Councilman Decker, seconded by Councilman George to close the public hearing on the MGA Research project.

Carried Unanimously

Roll Call was taken with all board members present.

Rebecca Baker led the pledge to the flag.

A regular meeting of the Newstead Town Board was called to order at 8:14 pm with the same board members present as listed above.

Work Session: Supervisor Summe reported that a work session was held last week and the following issues were discussed: Local Law No. 2 for 2005, Special use permits in RA districts, major sub-division regulations, joint facilities project, water district #10, water tank, accessibility entrance new Town Hall, Plumbers Licenses, County Park property, drainage, and town park use plan.

Privilege of the Floor – Kevin Borth, 7553 Scotland Rd, questioned the proposed new drainage district. He stated the public hearing should not have been held the week of a school holiday due to fact many families were out of town and he felt the board did not have a true representation of opinions on the project. He feels it is an abuse of power for the town to grant this district and a miscarriage of justice.

The Supervisor questioned if Mr. Borth is currently in litigation with his neighbor over drainage issues. His response was yes. The Supervisor questioned if he himself visited Mr. Borth’s property to attempt to resolve his problems. Mr. Borth’s response was yes. Mr. Borth has had meetings with the drainage committee to discuss his issues in particular. The Supervisor stated the town has gone to extreme measures to help him solve his drainage problems and work thru the problem. The Supervisor does not understand his reference of “Abuse of Power” when the town is simply trying to alleviate the drainage issues in the town. They are establishing a line item in the Budget that would carry over funds year to year to fund projects instead of losing unspent moneys to the general fund each year. Mr. Borth, after speaking with his neighbor Mr. Green, also questioned the proposal to put a gravel box on the corner. He wondered what priority level his property is on the list. The Town Engineer Andrew Casolini explained what he told Mr. Green at the last meeting. Mr. Borth informed the town board that the constriction that is causing the problem is 200 feet upstream. The Supervisor will put Mr. Borth on the agenda for the Drainage Committee Meeting on May 3, 2005 at 6PM.

Approval of Bills - Councilman Decker reported that the Abstract from Batch #382 & 383 from the March 28, 2005 meeting has been reviewed with the previously UN-audited vouchers and everything was found in order. He presented Abstract Batch #387. Vouchers on these abstracts numbered 331-382, totaling $80,885.00 and were presented for payment approval by Councilman Decker, seconded by Councilman Finger to approve payment.
