FOR LAW ENFORCEMENT & PUBLIC SAFETY INITIATIVES**

Please note: SPECIAL CONSIDERATION WILL BE GIVEN TO NEW YORK STATE MWBE CERTIFIED VENDORS.

I. INTRODUCTION

The County of Erie, New York (the “County”) is seeking Proposal Statements from qualified software engineers/analysts, who are interested in providing customized computer software programming and analysis that will work toward the goal of consolidating and enhancing Erie county’s existing in-house applications and databases, along with interfacing to existing systems.

Currently, Erie County’s Department of Central Police Services (CPS) maintains a suite of custom written Law Enforcement software packages for use by a myriad of Public Safety Agencies throughout and near Erie County. These agencies include, but are not limited to, local (City, Town and Village) police and fire departments, County Sheriff Offices, county departments such as Probation, Emergency Services and the District Attorney, along with State and Federal agencies. These software packages are continually being enhanced and modified to meet the needs of the user community by county staff consisting of programmers, analysts and database administrators.

In addition, other Erie County Departments such as Division of Information and Support Services (DISS) may also need these services.

The County would like to have resources such as Computer Systems Analysts, Programmers and Database specialists available to perform tasks at set hourly rates, working with the county’s staff. Responding vendors do not have to provide hourly rates for every category.

To that end, this RFP will require the responder to set hourly rates for various software consulting areas of expertise.

The County reserves the right to amend this RFP. The County reserves the right to reject any or all of the proposals, or any part thereof, submitted in response to this RFP, and reserves the right to waive formalities, if such action is deemed to be in the best interest of the County. The County reserves the right to request additional information from any proposer. The County reserves the right to award negotiated contracts to one or more proposers.

This RFP is not intended and shall not be construed to commit the County to pay any costs incurred in connection with any proposal or to procure or contract with any firm.

The County will only contract with firms that do not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, marital status,

sexual orientation, citizenship status or any other status protected by New York State and Federal laws.
