

REQUEST FOR PROPOSAL
ERIE COUNTY SEWER DISTRICT NO. 3
SOUTHTOWNS AWTF
No Feasibility Alternatives Analysis Report

REQUESTS FOR CLARIFICATION

The following are the Division of Sewerage Management (DSM) response to each of the questions received.

- (1.) **Will the Division of Sewerage Management require respondents to complete and submit United States Environmental Protection Agency Equal Employment Opportunity (USEPA EEO) forms for non-construction contracts in their respective proposals?**

No, this project will be financed with local funds and submittal of USEPA EEO forms will not be necessary.

- (2.) **What are the required M/WBE utilization goals for this project?**

Per County of Erie, Local Law No. 9, every County Department has a goal of awarding to MBE's, directly or through subcontracts, in each fiscal year at least fifteen percent (15%) of the total value of all professional, technical, or other consultant service contracts let by the Department and a goal of awarding to WBE's at least five percent (5%) of the total value of all contracts let by the Department. These are not project by project goals; nevertheless, Proposals that assist the County in meeting its overall M/WBE utilization goals will be scored more favorably pursuant to the scoring matrix included in the RFP.
