COUNTY OF ERIE, NEW YORK
REQUEST FOR PROPOSALS (“RFP”)

RFP#1624VF

**To Provide Services to the Erie County Department of Emergency Services
regarding Interoperable Communications.**

I. INTRODUCTION

The County of Erie, New York (the “County”) is currently seeking Proposal Statements from qualified Contractors interested in providing consulting services regarding Interoperable Communications. Proposers interested in [providing/serving as] a contractor are invited to respond to this request.

It is the County's intent to select the Proposer that provides the best solution for the County's needs.

The County reserves the right to amend this RFP. The County reserves the right to reject any or all of the proposals, or any part thereof, submitted in response to this RFP, and reserves the right to waive formalities, if such action is deemed to be in the best interest of the County. The County reserves the right to request additional information from any proposer. The County reserves the right to award negotiated contracts to one or more proposers.

This RFP is not intended and shall not be construed to commit the County to pay any costs incurred in connection with any proposal or to procure or contract with any firm.

The County will only contract with firms that do not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, marital status, sexual orientation, citizenship status or any other status protected by New York State and Federal laws.

II. PROPOSAL PROCEDURES

A. ANTICIPATED SCHEDULE OF PROPOSAL

The following schedule is for informational purpose only. The County reserves the right to amend this schedule at any time.

Issue RFP: June 22, 2016

Proposals Due: July 6, 2016

Selection Made: July 8, 2016

Contract Signed: Following all necessary County approvals

RFP Response

Proposals should be typed and submitted on 8.5 by 11 inch paper and bound securely. Use the following organization for the proposal:

1. Introduction/Cover Letter
2. Organizational Capabilities
3. Staff Qualifications
5. Experience/References
6. Project Schedule
7. Response to Requirements
8. Cost Summary and detailed breakdown of items as requested in specification
9. Any additional material or brochures

General Proposal Requirements

Introduction/Cover Letter. State the full name and address of your organization, including the name, address and telephone number of the person in your organization who has the primary responsibility for developing this proposal and to whom technical questions can be addressed.

Organization Capabilities. Provide an overview of the firm and the kinds of projects you have provided consultant services for.

Staff Qualifications. Proposals shall identify each member of the consultant's staff who would be assigned to work on this project and the role they will be performing. A resume stating the background and qualifications of each individual named should be attached. Particular attention shall be given to the individual named as the project coordinator.

Experience/References. Proposals shall include a description of the firm's overall experience in handling projects similar in character or scope to this project. A list of references of similar projects from at least three different projects, including the customer name, address, project value, telephone number and contact person shall be included in the proposal. The County expects to contact the references listed to determine the quality of work performed and personnel assigned to the project. The results will be provided to the evaluation team and used in scoring the proposals.

Project Schedule. As part of this proposal the vendor must submit a proposed project schedule. The vendor must identify all assumptions and constraints on which the project schedule is based. Prepare an estimate of hours for the project.

Requirements. The following requirements must be addressed in the project description and schedule.

- Provide an explanation of your understanding of the tasks believed to be necessary to accomplish the objectives outlined in the RFP.
- Discuss the overall approach the consultant proposes to use with this project.
- Demonstrate a working knowledge of current state-of-the-art and legacy public safety radio systems and how they interoperate.
- Describe the firm's engineering practices and ability to understand and develop coverage test methodology and interpret test results.
- Illustrate firm's simulcast radio system design experience.
- Demonstrate experience in assessing municipal narrowband compliance.
- Describe experience working with frequency coordination bodies and FCC filing preparation

Cost Proposal

We expect the proposal to contain an estimate of cost for each phase of the project as described in the general requirements described below

Proposal Selection

Accepted proposals will be reviewed by an Evaluation Committee and scored against the stated criteria. This scoring will determine the ranking of consultants based upon their written proposals and references. If the team determines that it is in the best interests of the County to require oral presentations, it will invite the highest ranking vendors to make such presentations. The final ranking will be based upon the total scores including the oral presentations.

Proposals will be evaluated based on a weighted point system as identified below.

The County reserves the right to reject any or all proposals received.

1.	Overall Approach to the Project	5
2.	Qualifications of Firm and Staff	10
3.	Experience	10
4.	Project Schedule	20
5.	Scope of Work	30
6.	Cost	20
7.	References	5
Total Points		100

Lead Agency

The Erie County Department of Emergency Services is the point of contact for all matters concerning this request for proposals and any contract awarded as a result of this award, based on Erie County Legislative approval.

Independent

The firm must be independent and not engaged in or associated with the business of selling, servicing or renting radio communications equipment. Respondents must clearly certify the independence of the consultant as part of the proposal response.

SERVICES TO BE PROVIDED:

TIC /CASM Update

Erie County has developed a Tactical Interoperable Communications (TICP) as part of our participation in Urban Area Security Initiative / New York State Office of Interoperable Emergency Communications /National Emergency Communications Plan. Recent radio system upgrades and deployment of interoperable radios and systems have made some sections of the plan obsolete. The selected vendor will evaluate the current (TICP), current radio and system deployments, channel assignments, and then make required updates the County (TICP)and make updates using the Communications Asset Survey and Mapping (CASM) tool. The updated (TICP) acceptance is subject to review by County staff.

- Review and document the Governance structure of the region
- Verify the radio system equipment and data that is reported in the existing TICP/CASM Plan
- Collect information on new radio system equipment
- Develop an updated TICP using the revised Department of Homeland Security's TICP template and include key information from the current TICP.
- Finalize (TICP) and identify any recommendations for the region.
- Working in concert with the County, identify the various agencies and disciplines in the County that are to be assessed for their communications capabilities as they pertain to communications interoperability in emergency situations or other events requiring the coordination of multiple agencies and or disciplines
- Perform a detailed inventory and assessment of communications capabilities and complete the input of that information into the Communications Assets Survey and Mapping (CASM) tool.

Development of Standard Operating Guidelines and a Training and Exercise Plan for Interoperable Communications Channels

The vendor will develop Standard Operating Guidelines for the use of the National Interoperable Communications channels in Erie County. (UTAC/VTAC/8TAC) The proposed plan must conform to the existing NYS Office of Emergency and Interoperable Communications Guidelines. The vendor will conduct a live classroom training program for proper usage of these channels along with a planned exercise for First Responders to participate. Additionally, a webinar will be produced that delivers the same content as the live program. The County will review and approve the vendor's proposed training curriculum prior to the conduction of training. These guidelines and exercise will create effective and structured interoperable communications operations and/or improve interoperability between County member agencies at the regional level. A complete After Action Report will be supplied to the County by the vendor upon completion of the exercise.

Development of Standard Operating Guidelines and a Training and Exercise Plan For Mutualink

The vendor will develop Standard Operating Guidelines for the use of Mutualink within the Western New York Region. This region includes the (6) contiguous counties of Niagara, Chautauqua, Cattaraugus, Wyoming and Genesee. The vendor will conduct a live classroom training program for proper usage of these channels along with a planned exercise for First Responders to participate. Additionally, a webinar will be produced that delivers the same content as the live program. The County will review and approve the vendor's proposed training curriculum prior to the conduction of training. These guidelines and exercise will create effective and structured interoperable communications operations and/or improve interoperability between County member agencies at the regional level. A complete After Action Report will be supplied to the County by the vendor upon completion of the exercise.

FCC Licensing and Coordination

The vendor will provide a pricing, plan and complete the FCC licensing for (2) additional analog simulcast channels for (2) Erie County PSAPs. The first channel should be licensed for (5) existing TX towers and the second channel will be licensed for (7) existing TX towers. FCC licensing should include the base stations for both PSAPs. Vendor must prepare responses to any and all objections until said licenses are secured.

Field Operations Guide for Erie County Region

The vendor will provide pricing, plan and complete an Interoperable Communications Field Operations Guide for Erie County based on the regions Interoperable Communications Channels. The County will review and approve the vendor's proposed Field Operations Guide before print. The County requests a total of 400 guides to be completed.

B. GENERAL REQUIREMENTS
